

HAVOC IS WROUGHT
BY RAIN AND WINDCONSIDERABLE DAMAGE DONE
BY STORMS.

Nebraska Suffers Severely as the Storm
Was General Throughout the State
—Cyclone Did Much Damage at
Stevens Point—Hail at Mukwanago
—Gales at Other Places.

Omaha, Neb., May 7.—Not since 1882 has Omaha been visited by so severe a hail storm as that which prevailed from 5:15 to 5:45 yesterday afternoon. Heavy clouds, borne by a cool wind, came up from the southeast, and after dropping rain for a few minutes the black clouds began to precipitate hail. It came in three showers, with short intermissions, the stones getting heavier all the while. The bombardment of roofs was terrific, but because the wind was not strong the east and south sides of buildings, save in the southern part of the city, were comparatively free from harm. Skylights in every place suffered seriously. The brunt of the storm passed over the eastern and middle portion of the city. People on the streets easily found shelter from the pelting, but it was a hard matter to get horses under cover. Hundreds of them were driven upon the sidewalks and into the doors of stores and office buildings, and while the fury of the storm was at its height the business streets were bordered by carriages and vehicles of all sorts occupying the sidewalks with the horses in shelter.

Reports by wire indicate the storm was general in the state, doing much damage.

Cyclone in Wisconsin.

Stevens Point, Wis., May 7.—A cyclone passed over the southeastern part of town last night and swept along for a mile, tearing up trees and overturning outbuildings. Two or three inches of rain fell in as many hours.

Mukwanago, Wis., May 7.—The storm last night was unprecedented in this section of the country. One thousand window lights were broken by hail in the village. Residents of the town of Vernon report all crops cut to the ground. Fruit trees were in blossom and many are now ruined.

Milwaukee, Wis., May 7.—The severe rain storm caused a serious cave-in in the big intercepting sewer or tunnel which runs through Washington avenue. Sixty feet of the street from gutter to gutter was washed away. The hole is twenty feet deep. The tunnel was filled with the dirt of the street and the entire sewerage system of the western and northern parts of the city has been rendered useless. The heavy rain caused thousands of dollars' damage in those sections of the city, as the water backed up in the sewers flooding the cellars.

Cloudburst in the South.

Chattanooga, Tenn., May 7.—Dayton, Tenn., was visited yesterday by a fearful cloudburst. The town was deluged and water flooded the stores and in raging torrents from swollen streams swept everything before it. Small buildings were overturned. Crops and fruit in the storm area, which was four miles in breadth by seven long, were destroyed. No lives are reported lost, although a barn in which some men had taken refuge was blown away.

Houston, Texas, May 7.—A regular waterspout fell in eastern Texas Sunday. Miles of fencing were washed away at Nacogdoches. A bridge on Bonita Bayou was carried away. Enormous damage has been done. There are several bad washouts on the Arkansas Pass road, and city railway travel is temporarily suspended. Several bridges and miles of fences have been swept away.

Drowned in a Kansas Cloudburst.

Herington, Kan., May 7.—Herington was visited by a cloudburst Sunday night. The town and surrounding country was flooded. Lime creek, which has been dry for a year, was converted into a raging torrent, and houses, horses, cattle and hogs were swept down stream. John Williams' house was carried away and the family narrowly escaped drowning. The house of Samuel McManus was also carried away and wrecked by striking a bridge. McManus escaped, but Mrs. McManus was drowned. Her body was found lodged in a tree in the park south of town.

Emporia, Kan., May 7.—A terrific fall of hail occurred here last evening, which has probably injured the fruit crop considerably. But little wind accompanied the hail. The heaviest rain of the season followed, which was much needed. Crops in general will be greatly improved.

Drouth Broken in Indiana.

Elkhart, Ind., May 7.—The first rain, with a single exception, that has visited this section of northern Indiana since last fall fell heavily here yesterday, lasting nearly an hour. The condition of crops was becoming critical, and the rivers here are as low as they usually are in August. Such a condition is not known to have existed here before in fifty years. Wheat was badly scorched up to the time of this rainfall. Cleveland, Ohio, May 7.—The long continued drouth which has prevailed throughout northern Ohio was broken yesterday by heavy showers. The month just closed was the driest in thirty years in this section of the state, there being practically no rain during the entire month.

May Retire from the Race.

Frankfort, Ky., May 7.—As a result of the killing of Archie Brown and Mrs. Gordon by Fulton Gordon, it is said that Governor Brown will not enter the senate race. He is sorely distressed over his son's shameful death. Intimate friends say that he is so heartbroken over the disgrace that he desires to resign the office of governor and retire to private life. The governor is overwhelmed with grief and denies himself to all comers.

BASEBALL REPORT.

Games Played in the National League Yesterday.

The following were the games played yesterday in the National League, with the scores:

At Chicago—
Chicago 4 2 0 0 1 1 0 0 0—4
Washington 0 0 0 0 0 0 0 0 0—0

At Pittsburgh—
Pittsburgh 1 3 0 4 2 0 2 0 *—12
Brooklyn 0 0 0 0 0 0 0 0 0—1

At Cincinnati—
Cincinnati 0 0 0 0 1 0 2 1 0—4
New York 0 0 2 0 0 0 0 1 0—3

At St. Louis—
St. Louis 0 0 3 2 0 0 0 1 0—6
Boston 0 0 0 0 0 0 0 1 0—1

The following games are scheduled for to-day: Washington at Chicago, Baltimore at Cleveland, New York at Cincinnati, Boston at St. Louis, Brooklyn at Pittsburgh, Philadelphia at Louisville.

In the Western League.

The Minneapolis, Grand Rapids, Indianapolis and St. Paul teams won yesterday in the Western League. The scores:

At Kansas City, Mo., Kansas City, 1; Minneapolis, 14.

At Toledo, O., Toledo, 4; Indianapolis, 5.

At Grand Rapids, Mich., Grand Rapids, 12; Detroit, 4.

At Milwaukee, Wis., Milwaukee, 3; St. Paul, 4 (five innings).

Changing the Schedule.

Terre Haute, Ind., May 7.—The schedule committee of the Western Interstate League met here yesterday to rearrange the schedule of games for the remainder of the season. Instead of having four games in a series there will be two and the clubs will follow one another around the circuit.

Inter-State Baseball Report.

Lafayette, Ind., May 7.—Twenty-eight hits with eleven earned runs tell how Lafayette battled Aurora's pitcher and won the game yesterday. The score: Lafayette, 21; Aurora, 6.

CYCLONE AT UTICA, ILL.

Damages Terra Cotta Works and Unroofed Dwellings.

Utica, Ill., May 6.—This city, which has been drowned out and burned out, narrowly escaped destruction from a formidable cyclone late Saturday evening. The workmen had just left their factories when a great storm approached up the river from the west at express train speed. About a half mile west of the river bridge the storm suddenly swerved to the north and headed directly for the town. People rushed to cellars and basements and sought to save their valuables. The central cone hung close to the earth, while at either side the other cones were elevated fifty feet above the surface.

This central cone, the largest of the three, struck the grounds of the Utica Driving Park association, destroying the grand stand and every building upon the grounds save the bandstand. It then passed on to the \$50,000 plant of the Utica sewer pipe and terra cotta works, destroying all of the company's extensive dry sheds and about one-third of its main buildings. It then jumped across the canal and struck the public school building, which was considerably damaged. Then it unroofed a half dozen residences, tore up about two hundred feet of sidewalk on Chapel street, wrecked the residence of P. Brosnham and uprooted scores of fine trees.

Luckily the storm passed in the rear of the business blocks, and mostly between houses, otherwise there would have been great loss of life and many thousand dollars' damage.

To Examine Canal Route.

New York, May 7.—The commission appointed some time ago by the president to examine the plans and route of the Nicaragua canal left for Mobile, Ala., last night. There were in the party the commissioners, Colonel Ludlow, U. S. A.; Commodore Endicott of the navy, and Alfred Noble and Assistant Engineers Davis, Wood, Stamford and Parke of the navy, who will verify the surveys. Mr. Noble said that it was expected that the Montgomery would land the commissioners at their destination by May 12 and that fully two months would be required to do the proposed work. The party will reach Mobile Tuesday and will at once go aboard the cruiser Montgomery and proceed to Greytown.

Court-Martial Sustained.

Washington, May 6.—The supreme court of the United States rendered a decision in the case of David B. Sayre, involving the constitutionality of court-martials, appealed from the circuit court of Virginia, which had released Sayre on a writ of habeas corpus. The supreme court reversed the judgment of the court below.

New Railway for New Mexico.

Denver, Colo., May 7.—The Cavalier Railway & Investment company has been incorporated to operate in the Keystone gold district, just over the range from LaBelle, N. M., and will open up some of the finest mining and agricultural lands in New Mexico.

Clerk Killed by Robbers.

Pittsburg, Pa., May 7.—Isaac Jop, night clerk at the First Avenue hotel, was decoyed to the basement of the hotel last night and assaulted by robbers, who took a large sum of money from him and beat him so badly with an iron bar that he died soon after being found this morning. Five men have been arrested and other men will be taken into custody.

Compromise on the School Question.

Winnipeg, Man., May 7.—It is reported that a compromise on the Manitoba school question may be effected before the meeting of the legislature Thursday. Premier Greenway had a conference yesterday with Lieut.-Gov. Schultz on the matter. It lasted over three hours.

KEEP PORT ARTHUR;
PAY \$50,000,000

THAT IS JAPAN'S LATEST PROPOSITION TO CHINA.

London Times Says the Country Has Agreed to That Arrangement—Government Backs Down For Russia—Revolt Is Now Feared—China to Ratify—Chang Degraded.

London, May 7.—The London Times says that Japan has agreed to accept ten million pounds in lieu of retaining Port Arthur.

Tokio, Japan, May 7.—Japan abandons all Manchuria. Even the whole Peninsula of Liao Tung, including Tallienwan and Port Arthur, is to be given up. It is doubtful whether there will be any increase in the cash indemnity. The facts are being kept secret here, but when the truth becomes known a universal public revulsion is certain. The present Ministry is assuredly doomed. The government is anxiously guarding the foreign envoys. The diplomatic situation is unparalleled. The ratification of the treaty by China is still deferred, but it is promised.

China Ratifies the Treaty.

Washington, May 7.—An official cable gives decisive information that the Emperor of China has ratified the treaty with Japan. The information clears up many contradictory statements from unofficial sources as to whether the Emperor had or had not ratified. The ratification of the Chinese Emperor brings China and Japan to a final accord, so that it remains only for Japan to settle with Russia and other protesting powers. It is said by officials the exchange of ratifications at Che-Foo will be largely a formality. The gathering of foreign warships at Che-Foo is less belligerent than would appear on the surface. It has been arranged that the diplomats of European countries should hold a conference at Che-Foo, and the vessels are said to be a part of this gathering.

Report That Chang Is Degraded.

Tien Tsin, May 7.—The Chinese peace envoys have left Taku for Chee Foo, where the ratifications of the treaty of peace arranged between China and Japan are to be exchanged on Wednesday next. It is reported that Li Hung Chang has been degraded.

DULL MONDAY.

Little Business Transacted in the Legislature at Springfield, Ill.

Springfield, Ill., May 7.—The attendance was very light at yesterday's session. A half hour was devoted to reading bills a second time and advancing them on the calendar. Senator Berry, in the absence of Lieut.-Gov. Hill, presided. Those in attendance were Senators Hunt, Sawyer, Harding and Litter.

Senator Harding introduced, at the request of Senator D. A. Campbell, a bill amending the law in relation to fraternal societies. The measure is sanctioned by forty-three societies, representing a total membership of 300,000. It was made a special order for this morning on second reading.

The House convened at 5 o'clock in the afternoon with sixty members present. Petitions favoring the passage of the Merriam bill repealing the acts creating the Catholic Bishop of Chicago a corporation sole were presented by Merriam, Johnson of Fulton, Kitzmiller, Dudley, Daugherty and Dunham. The House advanced to second reading all the order of first reading. Mr. Hawley moved to suspend the rules to take up Senate bills on first reading. Mr. Kitzmiller objected. Mr. Ferns raised the point of order of no quorum. The point of order was sustained and the House adjourned to 10 o'clock this morning.

To Arrest Kansas Governor.

Topeka, Kas., May 7.—Gov. Morrill will be placed under arrest to-day charged with having obtained money from the State Treasury under false pretenses. The complaint was sworn to by S. W. Chase, Warden of the State Penitentiary, who is now undergoing an investigation ordered by the Governor for alleged misconduct in office. The charge made against Gov. Morrill grows out of four vouchers issued to him in March against the contingent fund of the executive department to pay indebtedness incurred by him prior to his inauguration.

South Dakota Reservation Decision.

Yankton, S. D., May 7.—Secretary Smith has decided the State of South Dakota is not entitled to the 50,000 acres of valuable lands in the Yankton Sioux reservation which the State recently took steps to secure. The reservation comprises about 168,000 acres. The reserve was to have been opened for settlement within a few days. It is now probable the President will promulgate the proclamation within a few days and the opening will take place thirty days afterward.

Elections Held in Indiana Towns.

Indianapolis, Ind., May 7.—Yesterday was the day for town elections throughout Indiana. Marshals, Trustees and Clerks being voted for. The results received show the election of mixed and citizens' tickets in many places. Party lines seem not to have been tightly drawn as a rule. The Good Citizens' League influence resulted many places in the election of tickets containing both Democrats and Republicans.

Loss at Glen Hazel Is \$1,000,000.

Bradford, Pa., May 7.—The losses from Sunday's fire at Glen Hazel will mount up to an enormous sum. They include a large sawmill owned by D. S. Dolliver, of Ridgway, a lumber yard owned by Elias Deemer of Williamsport, together with ten million feet of lumber. The fire is thought to have been the work of an incendiary. The loss of lumber, coal and freight revenue will not fall short of \$1,000,000.

WILL TRY TO SETTLE
SHEBOYGAN'S STRIKE

MAYOR BORN ISSUED A CIRCULAR THIS MORNING.

It Is Believed That Both Sides Will Make Concessions to End the Trouble—Two Hundred More Men Quit Today But No Violence Was Offered—Labor Troubles.

Sheboygan, May 7.—Mayor Born issued a circular this morning to the strikers and employees calling a conference at the council chamber tomorrow morning to see if the trouble cannot be settled by both sides making concessions, which it is thought, they will both agree to do. The strikers this morning induced two hundred men to leave their benches in the Sheboygan Foundry works, but no violence was offered.

Chicago, May 7.—The Illinois Steel company in this city may be closed down this week if the wage question is not settled. A week ago 100 yardmen asked for a raise from \$1 to \$1.25 per day. The company offered a raise of ten cents per day, but the men refused to accept and quit. The company offering a raise to the yardmen led the other departments to ask for concessions and yesterday about eighteen switchmen and sixty firemen asked for a raise from \$1.50 to \$2. This the company refused, but a meeting will be held in a day or two and the labor scale settled for the ensuing year. Should the switchmen and firemen quit it would compel the mill to close and throw 1,500 men out of work. The officials say the company is willing to make a small raise in several of the departments and the matter may be settled quietly.

Two States Dispute.

Richmond, Va., May 7.—It is probable that the strike of the coal miners will result in complications between Virginia and West Virginia. Gov. MacCorkle of the latter state has given the Virginia authorities to understand that he expects the soldiers of this state to confine their operations to Virginia. Gov. O'Ferrall has declined to discuss the situation or the possible result of it, but his views on the subject are well known. It is quite certain that if necessary the Virginia military will enter West Virginia.

May Be No Need of Troops.

Wheeling, W. Va., May 7.—It is now believed that there will be no need of state troops in the Norfolk and Western coal strike. Although the entire National guard has been under orders for two days no alarming reports day have been received from Elkhorn. Yesterday United States Marshal Garden received word from Deputy Harmon, who is on the ground, that all is serene and that no outbreak is apprehended.

Ohio Miners Quit Work.

Bellaire, Ohio, May 7.—Yesterday all the miners who are working on the 60-cent basis and those on the co-operative plan were notified to lay down their tools and go out. The night found 2,500 miners in Belmont county and 4,000 in Harrison, Jefferson and Cuernsey, making a total of 7,500. This will necessitate for want of coal the closing down of all the iron manufacturers, and other business will be paralyzed in Eastern Ohio. No trouble is anticipated.

Eight Hundred Men Strike.

Pittsburg, Kas., May 7.—The workmen at the Cherokee Zinc Company's works in this city, 250 in number, have banked the fires and walked out as per agreement. The men at the Lanyon factories also walked out at the same time. The trouble arose over the refusal of the owners to restore the workmen their old wages, which were cut about three months ago. Eight hundred men are affected.

Soldiers Not Needed.

Pocahontas, Va., May 7.—About 400 soldiers have arrived under command of Col. W. E. Simons of Richmond, Va. The train moved from Graham at 2:30 p. m. The town is quiet and orderly. The miners held a big meeting about one mile east of this place and perfected their organization. Order and peace were counseled, and there is no immediate use of troops.

Eight Thousand Men Involved.

Providence, R. I., May 7.—The Olneyville strike has become general, and now involves 8,000 men.

REBELS SURRENDER.

Quinta Bravo's Men Give Themselves Up—Callazo Found at Tampa.

Havana, May 7.—Twenty members of the band of rebels at Villas commanded by Quintin Bravo have surrendered.

Key West, Fla., May 7.—Reports have been repeatedly circulated in Cuba and Florida that Callazo, an insurgent leader has landed in Spain. After a long investigation Callazo has been discovered at Tampa. The Spanish government finds great difficulty in getting provisions, etc., to troops at Bayamo. The American tug Pedro Pablo has been converted into a transport. All the fortifications around Manzanillo have been destroyed by the insurgents. The province is virtually in their hands.

Message Makes a Bad Impression.

Rio de Janeiro, May 7.—The message of President Moraes at the opening of the Congress Saturday has produced a bad impression. The members of the diplomatic body will probably protest against certain statements contained in the message.

The Sick Men in Washington.

Washington, May 7.—There is no material change in Mr. Hitt's condition. Secretary Gresham was reported better yesterday morning.

FARMERS CAN GET INSTITUTES

Those Who Want Them Should Write George McKerron at Madison.

Madison, Wis., May 7.—Farmers and business men wishing for a Farmers' institute to be held in their locality during the winter season of 1895-96, where a suitable hall will be furnished for the meeting, can receive all necessary information by addressing George McKerron, Supt., University of Wisconsin, Madison, Wis.

A KENOSHA WORKMAN MANGLED

James McDonald Caught in a Roller Machine This Morning.

Kenosha, May 7.—James McDonald, an employee of the Kenosha Brass Works was caught in a roller machine this morning and was terribly crushed, his arm being caught first and then his whole body drawn in between the cruel rollers. He cannot live.

BLACK RIVER FALLS DROWNING.

Roy Hall Falls Under a Jam of Logs This Morning.

Black River Falls, May 7.—Roy Hall fell under a jam of logs this morning and was drowned. The body was not found.

LATE NEWS BY TELEGRAPH

Dowager Duchess Dead.

London, May 7.—Susanna Stephenia Dowager Duchess of Roxbury, died today.

Marshal Von Pope Dies.

Berlin, May 7.—Field Marshal General Von Pope, formerly military governor of Berlin, died this morning.

Florida Bars Prize Fights.

Tallahassee, May 7.—The senate today passed the anti-prize fight bill, and the house will follow suit.

A Hotel Blown Up

Crawford, N. J., May 7.—Part of the Hotel Garwood was blown up with dynamite today. It is supposed that the charge was fired by a discharged employee. Proprietor Patton and his wife were both injured.

MURDERS THE WHOLE BOARD.

Discussion Over Text Books Leads to a Triple Tragedy.

Como, Colo., May 7.—At the Tarryall district school house, nine miles east of Como, Benjamin Ratcliffe yesterday shot and killed Samuel F. Taylor, L. F. McCurdy and Geo. D. Wyatt, constituting the school board, at the annual school election. Wyatt, who survived four hours, said Ratcliffe opened a discussion over text-books for the district and then accused the board of slandering him and his family. Ratcliffe accidentally fired his rifle, the ball entering the floor at Taylor's foot, doing no damage. During the exciting discussion following Ratcliffe took aim at Taylor and fired. Taylor dying instantly. Ratcliffe then shot McCurdy, striking him in the back, causing instant death. He then shot Wyatt in the back. Ratcliffe surrendered. He says he did his best, and what he thought was justifiable homicide. Ratcliffe is 65 years old and an invalid.

MONETARY CONFERENCE.

Senator Jones Believes It Will Be Called in October or November.

Washington, May 7.—Senator Jones, of Arkansas, believes that an international monetary conference will be held during the present year to consider the relationship of silver to gold as a money metal. He is one of the members on the part of the senate who will attend the conference in case one is called and has naturally kept track of all that has been done in the matter. He said that while Germany had not issued an executive call for a conference the action of the reichstag had been accepted as official by the governments of the United States, France and Great Britain. Asked as to the time when he thought the conference would be called for, he said it would probably be late in the season, not earlier than October, and possibly as late as November. Both sides of the controversy were apparently anxious for delay. The English bimetalists claim to be making substantial headway and are asking for all the time that can be given before the meeting of the conference.

NOW A REVOLUTION.

Disaffection in Nicaragua Culminates in a Revolt.

Tegucigalpa, Honduras, May 7.—Fighting has begun in Granada, Nicaragua. Disorder is reported from Leon also. Word comes from there that the followers of Ortiz, Zeruila and Marchero have united to make war on Zelaya. The Honduran troops concentrated at Cape Gracias will remain there, as it is feared that the threatened outbreak on the Mosquito reservation may extend here. The troops at Amalpa will be distributed along the coast. General Bonilla will take 4,000 men and go to President Zelaya's aid if requested. The evacuation of Corinto and the sailing of the British ships is announced.

Debs Case Goes Over.

Chicago, May 7.—Judge Bush of the United States District Court of Wisconsin opened the district court in Chicago yesterday at 2 o'clock. The venire of 150 men called on account of the Debs trial was the cause of the holding of the special criminal court. The postponement of the Debs trial was made after the venire had been called.

German Students Aroused.

New York, May 7.—The Herald's special cable from Berlin says: "The students are provoked by the seizure of their petition and are now preparing in all the German universities to send a protest to the reichstag against the anti-revolutionary bill."

A BELOIT MAN DIES
BY HIS OWN HAND

RICHARD MARTIN TOOK PARIS GREEN LAST NIGHT.

He Left a Note Saying That His Family Would Be Better Off Without Him and His Friends Cannot Fathom the Mystery—Many Think He Was Deranged.

Beloit, May 7.—Richard Martin, a machinist, committed suicide last night by taking a large dose of Paris green. He stated that his family would be better off without him as the reason and friends cannot fathom the mystery, although many think Martin must have been deranged.

AS SILVERITES WANT IT.

Delegates Selected by Illinois Counties Favor the Soft Metal.

Hillsboro, Ill., May 7.—The Democratic County committee of Montgomery county has issued a call for a county convention to elect delegates to the monetary convention at Springfield. Primaries will be held Saturday, May 13, to select delegates to the county convention, which will be held in Hillsboro Monday, May 20. A majority of the members of the County committee are in favor of the free coinage of silver at the ratio of 16 to 1.

Sullivan, Ill., May 7.—There will be a meeting of the Moultrie County Central committee Wednesday, May 15, to consider the advisability of sending delegates to the Springfield convention.

Charleston, Ill., May 7.—The Democrats of Coles county met in convention in this city yesterday and selected ten delegates to the silver convention at Springfield. The resolutions passed were uncompromisingly for silver.

Marshall, Ill., May 7.—At an adjourned meeting of the Democratic Central committee all the members declared that the Democracy of their respective townships was solidly for free silver; it to dispense with convention or primary and appoint the seven delegates to the Springfield convention.

Carrollton, Ill., May 7.—At the primaries Saturday Democrats were asked to express themselves for or against free coinage. Only 755 votes were cast, and of these only sixteen were against free coinage.

TALK ON ALL POINTS.

Lawyers Overhaul Income Tax Cases for Justice Jackson.

Washington, May 7.—According to the records nine justices of the Supreme court of the United States heard the opening arguments for and against the income tax law. Practically only one justice was listening and only one was appealed to. As is generally known, Mr. Justice Jackson has the fate of the income tax in his own hands. He stood the ordeal well, though still showing the effects of his severe illness.

Two arguments are to be made for each side—by Attorney-General Olney and Assistant Attorney-General Whitney for the government and by W. D. Guthrie and Joseph Choate for the appellants. Messrs. Hyde and Pollock. Yesterday Mr. Guthrie delivered his speech and Mr. Whitney began his, which he will finish to-day. The arguments will be closed to-morrow afternoon.

May Drop Color Line.

Cincinnati, Ohio, May 7.—The annual convention of the International Association of Machinists opened here yesterday morning with delegates in attendance from all the district lodges. Considerable interest centers around the probable action of the convention on the color-line question. A large number of delegates have been instructed to eliminate it from the constitution or to vote in favor of giving authority to local lodges to do so. The association has a large membership in the south. An effort is being made to remove the headquarters of the body from Richmond, Va., to Chicago. Steps will be taken to affiliate with the American Federation of Labor.

Dies the Day His Term Expires.

Butte, Mont., May 7.—City Treasurer Simon Jacobs committed suicide yesterday morning in an abandoned blacksmith shop west of the city by shooting himself through the head. The cause turns out to be that he had a short in his accounts with the city fully \$50,000, and yesterday he was to have turned his office affairs over to his successor. His bondsmen believe the shortage covers a period of three or four years and was lost in the pool rooms and in a losing private business. He has been a heavy plunger on horse races.

Tramps Take Possession of a Town.

Niles, Mich., May 7.—A band of fifteen tramps marched into the little village of Granger, ten miles from here, at noon yesterday and took forcible possession. With stones and clubs they drove the residents within doors and then looted a saloon and grocery store, breaking all the windows, drinking all the liquor, and eating everything at hand. At 5 o'clock a number of villagers armed with rifles succeeded in driving out the hobos, but could not arrest any of them.

Denounced by Gladstone.

London, May 6.—Right Honorable William E. Gladstone, in a letter to Francis Seymour Stevenson, chairman of the Anglo-Armenian association, says that the conduct of the sultan and the Turkish government on the Armenian question has been worse than their conduct regarding Bulgaria in 1876.

Turtle Mountain Truce Ended.

Washington, May 7.—Acting Commissioner Smith received a dispatch from Ralph Hall, Indian agent at the Turtle Mountain reservation, saying: "I think trouble is settled. The prisoners have surrendered and the mob has been disarmed without bloodshed."

MUCH WORK DONE BY THE COUNCIL

BIG BATCH OF BUSINESS AT LAST NIGHT'S MEETING.

Water Pipe to Be Laid—Accept the Jackson Street Bridge—Pavement Cleaning Ordinance Repealed—Blank Not Confirmed—"Uniform Charter" Matter Put Under Way.

The common council considered some very important business last evening. Water mains were ordered on a number of streets, the initial steps for regrading Fifth avenue were taken; an agreement with property owners on Pleasant street for the construction of a sewer from the new high school building to the river by way of Pleasant street was adopted; the proposition to transfer the ownership of the Carrington bridge at the foot of Jackson street to the city was approved; storekeepers along Main and Milwaukee street were relieved of the disagreeable work of cleaning the pavement by the repeal of the ordinance; steps were taken for the adoption of a portion of the "uniform charter," and considerable work was laid out for the street commissioner, besides considerable miscellaneous business.

Mayor Baines presided at the aldermen being present. After the reading of the journal of the last meeting and its approval, the clerk presented the April report of the city treasurer, the judge of the municipal court, and the board of education. Also the communication of C. J. Schottle, claiming \$800 damages on account of the regrading of Fifth avenue. All of which were referred to appropriate committees.

City Clerk Badger announced the appointment of James A. Fathers as deputy city clerk, which, on motion of Alderman McLean, was approved. The specifications for regrading Fifth avenue were presented by City Engineer Bleedorn, and referred to the highway, street and bridge committee, after which the clerk read a petition from O. E. Smith, asking permission to use a portion of Wall street for storing building material, he desiring to erect a three-story brick building on the site of his present hotel at the corner of Wall and Academy streets. The communication was referred to the First ward alderman, and on motion of Alderman Heddles the permission to use a portion of the street was granted, Mr. Smith to hold the city free from all damages on account of such use. The complaint of Thomas Kelly, on account of the overflow of his property, and the faulty construction of gutters on Rock and Holmes streets, came up next, and was referred to the committee on highways and bridges.

H. Blank Not Confirmed. The clerk read a communication from Mayor Baines announcing the appointment of Henry Blank as chief engineer of the fire department, and Alderman McLean moved that the appointment be confirmed, while Alderman Burnham called for the eyes and nays.

Ayes—Aldermen Hemming, Kothman, McLean and Smith—4.
Nays—Aldermen Burnham, Heddles, Inman, Stearns, Sutherland, Winslow—6.

Mayor Baines—"The motion is lost."

Alderman Heddles, of the finance committee, reported in favor of allowing a number of miscellaneous bills, which were concurred in and Alderman Smith, of the judiciary committee, reported back the April report of the judge of the municipal court as correct, which was placed on file.

Alderman McLean, of the fire and water committee, stated that Mr. Thompson, representing the Cooper Hose Mender, of Minneapolis, was present, and would like to address the council. Permission was given, Mr. Thompson stating that he had just concluded an exhibition of the mender in front of the city hall, which had been witnessed by most of the council, and therefore they were familiar with the working. He was here for the purpose of introducing it and if the council wished to purchase he would be pleased to take the order. On motion of Alderman McLean the matter was referred to the fire and water committee with authority to purchase not more than four, if the committee desired.

Alderman Kothman introduced an order for the extension of water mains on Dodge, South High and Lincoln streets. Referred to the committee on fire and water.

Alderman Stearns of the committee on schools reported back the April report of the board of education as correct, and on his motion the report

Awarded

40 YEARS THE STANDARD.

was ordered published and placed on file.

The Fifth Avenue Grade. Alderman Hemming of the highway street and bridge committee, moved that the specifications filed by the city engineer for regrading Fifth avenue, be accepted and placed on file.

Alderman Burnham did not like the specifications, in that no provision had been made for graveling the street. Heretofore the city had fallen into the habit of grading streets, and after the grading had been complete a coat of gravel had been put on at the expense of the ward fund, which in his opinion could not be legally done, as the graveling of a street should be borne by the property abutting, the same as the grading. On his motion the specifications were referred back to the city engineer with instructions to specify graveling of the street.

Alderman Hemming, from the highway and bridge committee, made a report recommending the acceptance of the proposition of F. C. Burpee and others to build a sewer from the high school to the river, the city reserving the right to connect with it and also granting the parties on Pleasant street to build said sewer and allow private parties to connect with the same for \$25 each. Adopted.

Charter Change Brought Up.

Alderman Burnham introduced an ordinance entitled: "An ordinance to adopt section 142 A of chapter 326 of the general laws of 1889 entitled 'an act dividing cities into classes and providing for their incorporation and government, as amended by chapter 312 of the general laws of 1893 and by chapter 199 of the general laws of 1895.'"

This ordinance provides for the levying of taxes to amount not exceeding the amount of three per cent. of the assessed value of real and personal property of the city for the several purposes for which taxes are authorized to be levied, and to apportion the same into such funds for city and ward purposes as the council may provide.

On motion of Alderman Burnham the ordinance was ordered published once each week for three weeks, together with a notice that action would be taken on the ordinance at a meeting to be held on June 3.

Alderman Winslow—Authorizing the park committee to purchase fifteen seats for the park. Adopted.

Alderman Heddles—Authorizing the mayor to borrow \$2,000 on account of the general fund. Adopted.

Alderman Hemming—Accepting the Carrington bridge, at the foot of South Jackson street. Adopted.

Alderman Hemming introduced an ordinance which was adopted under suspension of rules, providing for the cleaning of sidewalks and streets, under certain penalties. This ordinance will be published in the Gazette tomorrow.

Alderman McLean authorizing the city to borrow \$1,000 on the credit of the fire and water fund. Adopted.

Repairs of Streets.

Alderman Kothman—For the repair of Franklin street, between Dodge and Center. Adopted.

Alderman Burnham—To clean the gutters on the east side of Main street between Prospect and Fourth avenues; place the culverts at the intersection of Main street and Pease's Court; on the north side of Fifth street from Main street to the alley; across Caroline street at Walker street and repair the intersections, and that the city engineer prepare and file profile of a grade for Sarah street between Glen street and St. Mary's avenue to conform so far as practicable with the present surface of said street, and to preserve so far as can properly be done the trees now growing upon said street. Adopted.

Water Pipe Extensions.

Alderman McLean, of the fire and water committee, to whom the matter had been referred, submitted the following report: Your committee on fire and water, to whom was referred the extension of water mains and location of fire alarm boxes, respectfully report: The committee visited the several streets named in each petition for the purpose of ascertaining by personal inspection the necessity, if any, for the extension of water mains and locating fire alarm boxes as set forth in the petitions.

After making a careful survey of each locality, your committee came to the unanimous decision to recommend the laying of water pipes on the following named streets: On Ruger avenue, from Forest Park boulevard east to Ringold street, one hydrant.

On Milton avenue, from St. Mary's avenue north to Benton avenue, four hydrants.

On Madison avenue, from Highland avenue north to city limits, ten hydrants.

On Dodge street, from South Jackson street west to South High street, one hydrant.

On South High street, from Dodge street south to Lincoln street, three hydrants.

On Lincoln street, from South High street south to North street, three hydrants.

Locate a fire alarm box at corner of North, Hickory and Walker streets.

J. B. McLEAN,
F. H. KOTHMAN,
ORIN SUTHERLAND,
H. C. STEARNS,
F. S. WINSLOW.

Notify the Water Company.

Alderman McLean stated that the extensions of water mains were made for fire protection only. On his motion the report was adopted, and the clerk was directed to notify the water company to lay mains.

On motion of Alderman McLean the

report of the street commissioner, presented at the last meeting and placed on file was referred to the committee on highways and bridges.

Alderman McLean—authorizing the fire and water committee to purchase the fire alarm boxes ordered. Adopted. Mayor Baines appointed J. P. Baker, A. H. Sheldon and Fenner Kimball arbitrators in the matter of the claim of C. J. Schottle, on account of the Fifth avenue grade. The appointments were confirmed and the council adjourned.

THE TOWN TALK OF A DAY.

"No time to write ads. today" is what S. D. Grubb said this morning.

Do you see that crowd of people there waiting to get something? It will take us until noon to get them waited upon and others coming all the time.

Come in tomorrow we'll have something special. Grubb is doing a nice clothing business, all because he sells so cheap and pleases the people.

WHEN you want a buggy, come to us; don't buy until you hear our prices; we have the best buggy being offered for sale in this town, and we propose to sell it the cheapest. Staver & Abbott were never known to make a poor buggy, even their cheapest grade is better than some people's high priced stuff. Lowell Hardware Company.

WE are used to thrusts, any man in business gets them, that is if he is an active business man. We are here to sell our goods and we propose, to sell them, no matter what we lose or make. When a price is named to you on a buggy my friend, come to me and I'll beat it with a better one, the Henney. F. A. Taylor.

THINK of it! \$12,000 of our Fond du Lac stock and \$18,000 of our Janesville stock. Shoes enough to shoe all of Rook county. Not poor, but the very best goods made. We want but 50 cents on the dollar for them. Nearly one-half of our entire stock stands us but 30 cents on the dollar. That's how we do it. Becker & Woodruff.

THE Henney buggy seems to worry the boys. It should, as they surely know no such a buggy is made outside the Henney factory. We are selling lots of them, the people are commencing to learn their superiority. Sold six to one man in a town near here yesterday. F. A. Taylor.

WE do not only say we are selling shoes at 50 cents on the dollar, but we are selling shoes at 50 cents on the dollar. Come in. Let us prove it to you. Compare our prices with those made up by the profit fellows. You'll readily see the difference. Becker & Woodruff.

WE are shoeing armies of people whom we have never seen in our store before. They know a good thing when they see it. Good shoes at 50 cents on the dollar is something they have never seen before. Becker & Woodruff.

KEEP your eye in the direction of Lowell's; you'll see a cloud burst there in a very short time; prices will be scattered to the four corners of the earth, and the people of Janesville will stand in the center and pick up the prizes.

"It won't take long to clean out this stock, at the rate it is going," said Mr. Becker this morning. It's the first time the people of this town have bought real first class shoes at 50 cents on the dollar.

DO you get an umbrella? Just as good to keep the sun off as the rain. will answer both purposes. All the late shades and styles. A dressy umbrella. F. C. Cook & Co.

"DEAD STUCK" is guaranteed to kill bugs wherever it is put, that is if any bugs of any kind ever go there. If it don't do as we say return and get your money. Dunn Bros.

THE line of 26-inch umbrellas we are showing from 50 cents up, are the best ever seen in this city. An examination will prove this. T. P. Burns.

FLOUR is selling fast, and at the rate it is going we'll soon be out then we'll have to pay more and so will you. Better come before we advance. Dunn Bros.

WE strive to please. All our shoes are new, have not been out of the factory more than 60 days. An elegant \$3 shoe \$1.75. Lloyd & Son.

FRESH vegetables of every kind received this morning. Just as fresh now as when picked. We have a vegetable cabinet. Dunn Bros.

Now your lawn will sell you a lawn mower for \$2.50 to do it with. F. A. Taylor.

A Few Thoughts.

Just think of it! \$12,000 worth of shoes from Fond du Lac; \$18,000 worth of our own; \$30,000 worth in all, thrown on the market at once. At 50 cents on the dollar they are going, and don't forget that we bear in mind that we are residents of Janesville and propose to continue to do business here when this stock is gone, so we can't afford to lose the reputation of the "leading shoe dealers and foot-fitters" in southern Wisconsin. Although we are selling out a stock we bought cheap, you'll get just as good satisfaction as if you were paying regular prices. Every foot fitted. Becker & Woodruff.

Dr. Thorne Is Here.

Dr. Thorne and family left this week for Janesville, Wisconsin, where they will reside. The doctor has earned a most excellent reputation as a faithful and competent physician, and an expert in diseases of the nose, ear and throat. He will give his whole attention to these specialties, at Janesville.—Amboy Journal.

Dr. Thorne has opened an office at 13 West Milwaukee street, opposite the postoffice. See card in another column.

FARMERS ARE GLAD TO SEE THE RAIN

DOWNPOUR MADE THE GRASS AND CROPS GROW.

Shopiere, However, Felt the Force Of the Gale In Another Direction, As Buildings Were Leveled and Crops Buried Deep Under the Mud—County News.

SHOPIERE, May 7.—A heavy rain and wind storm passed over this section Saturday noon, doing considerable damage to buildings and crops. Thomas Patrick's wind mill was blown down, as was also Mr. Cook's wind-mill and a tobacco shed belonging to John Shimeall; Charles Shimeall's out-buildings were leveled to the ground, and part of his tobacco shed was blown in. Reuben Kemmerer suffered the same loss; on the Oramus Van Gilder farm the wind played havoc with a big straw pile, scattering the straw all over the house and yard, that had just been cleaned up by the young lady of the house; while tobacco sheds suffered the same as the others. In many places the grain was covered with mud two feet deep; other fields were badly washed, and it hailed for a few moments. Mrs. Thomas Holmes came to Janesville Saturday to spend the summer in her old home in this place. Mrs. Barlow's sister from Edgerton, is visiting in this place for a few days. Mrs. D. Billings from Janesville is visiting her parents, Mr. and Mrs. A. A. Allen in this place, before starting for the west where her husband is. A public meeting will be held at Fraternity hall on Saturday evening, May 11, at 7 p. m., to appoint committees and make arrangements for Memorial day exercises. All patriotic ladies and gentlemen are cordially invited to attend this meeting. Rev. Mr. Cook, from Beloit, preached in the M. E. church Sunday last. Rev. R. K. Mantion is improving slowly.

MILTON FARMERS PLANTING CORN

Some Have Finished Their Work—Rain Helped Vegetation.

MILTON, May 7.—Considerable corn has already been planted and some farmers finished planting last week. The recent rains have given all vegetation a good start and pastures will soon be ready for stock. John Home, the West Duluth, Minn., groceryman visited the old homestead last week. He says business is picking up in the Superior region. Charles Burton of Delavan, was a Milton visitor last week. M. T. Cole sold his '93 crop of tobacco last week to Head, of Janesville, at 6, 4 and 2 cents. He had twenty-six cases. Four or five hands were packing tobacco at the Sover hill & Porter warehouse last week. Miss Kittie Wood of Janesville, visited Milton friends last week. The late Christian Endeavor convention at Whitewater, had an attendance of 177. Sixty of the total number represented societies in the township of Milton, and forty-two were Seventh day Baptists. J. H. Snow, an old Milton college student, has recently been appointed general freight agent of the Mexican Central road. Miss Luella Barnhart, who has been spending the winter in Kansas City, in the capacity of a trained nurse, returned Friday. Mrs. J. J. Noble of Albion, visited at Ezra Crandall's Friday and Saturday. Mrs. Ida Gifford has resigned the presidency of the Epworth League and Mrs. W. H. McNitt, takes her place. Fetherston Bros. unloaded a car of flour last week. George W. Barrett, who went to Virginia with a view of making that state his home, returned Friday. He says he has no use for that country. Babcock sold six new wheels to parties here and at Milton Junction. Ezra Davy has leased T. L. Place's lot, bought a small building of M. T. Cole, and will move it onto the lot for use as a wagon shop. Miss Helen Holmes, who has been spending several months in California, returned Friday. Arbor day was observed by the public school with literary exercises and music. Davis Brothers put in a job press Monday. Mesdames Morris and Rice were on the sick list last week. Dr. G. W. Post of Chicago, and Miss Dr. G. C. Crumb of Berlin, were here this week. Monday was "hummer day" here. The Anoka flour company's agent furnished the "kids" with a device, which, swung in the air, made a shrill, humming noise.

LODGE MEETINGS AT AFTON.

I. O. G. T. Install Their New Officers—M. W. of A. Receive a Member—Other Items.

AFTON, May 7.—Officers for the ensuing quarter were elected at the last meeting of Afton Lodge No. 182, I. O. G. T. as follows: C. T. Leonard, McCrea; V. T. Alice Eldredge; S. J. T. Nellie McCrea; Chap. A. R. Waite; Mar., Clarence Groum; Sec., U. G. Waite; F. S. James Drummond; Treas., Myrtle M. Eldredge; Guard, James Powers; Sen., Albert Rasey; P. C. T. W. M. Kleber. The officers were publicly installed Wednesday evening by E. E. Knight of Beloit, the installation ceremonies being held in conjunction with the maple syrup social given by the lodge on that evening. Rev. C. T. Everett, the district lecturer was present and gave a short talk relative to the work and progress of that order. Another new member was adopted in Afton Camp No. 2192 M. W. A. last Friday evening. An appropriation was voted to aid in the organization and equipment of a camp orchestra. The "neighbors" will decide at the next meeting whether they will attend the annual picnic at Madison, in a body or not.

Continued on page 3.

ROBBINS-JEFFREY CASE AGAIN.

The Printer Wants the Showman to Prove a Perjury Charge.

The differences between Burr Robbins and John B. Jeffrey are evidently still unsettled. The Chicago Times-Herald has the following paragraph in relation to the trouble. "John B. Jeffrey, printer, demanded trial on a charge of perjury in Judge Burke's court yesterday. He was indicted some time ago on evidence submitted by Burr Robbins that he had sworn he had not given a note for \$15,700 to the latter. Jeffrey demanded trial as it was the last day of the term and he wanted to show that he was ready to disprove the charge."

Minstrels at the Auditorium.

Two popular merry-makers, George Thatcher and Carroll Johnson, are the leaders of a jolly band of entertainers which is this week performing at Gilmore's Auditorium. The first part scene is a pronounced novelty in the minstrel line, showing the performers attired in brilliant uniform of the Royal Hunt Club, seated in the elaborately decorated club palace, which is ablaze with electric lights. It is a scene of beauty well worth witnessing. Some excellent singing and a fund of fresh humor composed the introductory. There were a number of excellent specialties, including the wonderful acrobatic feats of La Rose Brothers. "Tribby's Wedding" was a rich conclusion, Du Maurier's famous story being served up in black upon a plantation with Miss Lillie Larkelle as the much discussed heroine. George Thatcher appeared as a "tough coon," presumably Svengali. It was all very funny.—Philadelphia Evening Bulletin. At the Grand Friday night.

A Mystery Unsolved.

One of the greatest mysteries this town ever tried to solve is how we get goods so as to sell so cheap. We don't sell below cost, always make a profit, and it is evident to everybody that we are doing the dry goods business of Janesville and increasing. We'll continue to do it and serve the people. Our titles of "Leaders and Promoters of Low Prices" shall never be trailed in the dust we'll always protect it. When you want a price beaten come to us. Bort, Bailey & Co.

BOWER CITY NEWS NOTES.

OUR reputation for truth and veracity has never been questioned, neither will it be this time, as the goods are here to prove our assertions. Those shirt waists we are selling for 19 cents, cannot be produced to sell for less than 40, 50 and 75 cents and \$1. We got a snap; never mind how we got it, you are getting the benefit of the snap; those who paid 45 and 50 cents for shirt waists, will now come to the conclusion we sell cheap. Bort, Bailey & Co.

DON'T be alarmed about your fit and idea of style not being here. If this stock had not contained the popular shoes of the day we would not have purchased it. We can fit any size or any style foot at 50 cents on the dollar. Becker & Woodruff.

RIDING on the topmost wave of the shoe business is the way we are going. Never have we known such a shoe business. Selling cheap and lots of them is what we like. Lloyd & Son.

OUR large advertisement names the prices. Read it, 1 minute is all it requires. Lloyd & Son.

OUR prices on coal are less than anyone else's. Give us your order now. Janesville Coal Co.

New arrival of wall papers and window shades, splendid goods, cheap at Sutherland's book store.

SUNDAY School libraries, good books, prices reasonable at Sutherland's book store.

SHIRT waists 19 cents. All 40, 50, 75 cents and \$1 waists. Bort, Bailey & Co.

WE have something rich for you in coal. Janesville Coal Co.

STOVES stored in nice dry place. Lowell Hardware Co.

You say a collar and cuff that are waterproof?

Yes.

And perspiration will not affect them?

Yes.

And when dirty you need only wipe them off with a wet cloth or sponge?

Yes.

Wonderful! How are they made?

A linen collar covered on both sides with waterproof "CELLULOID." Looks exactly like a linen collar.

Is it the only waterproof collar and cuff made?

No, but it is the only one made with the linen interlining and consequently the only one that can give entire satisfaction, because it is the best.

How can I know that I get the right kind?

Because every piece is stamped as follows:

TRADE MARK.

Inquire for that and refuse anything else, or you will be disappointed.

Suppose my dealer does not have them?

He probably has, but if not, send direct to us, enclosing amount. Collars 25c., Cuffs 50c. State size, and whether collar wanted is stand-up or turned-down.

THE CELLULOID COMPANY.

427-29 Broadway, NEW YORK.

These Are Forced Sales Of Desirable Properties.

Modern two story house, good barn with large lot, on 4th Avenue. A splendid home for \$2400.
Large house and corner lot, centrally located for \$1800.
Small house and lot renting for \$8 per month for \$700.
New house and barn in First ward, central for railroad men for \$2500. This is A1.

Money to Loan at Six Per Cent.

C. E. BOWLES,
Over M. & M. Bank, Janesville, Wis.

How about

Sewing Machines?

Well we don't to poster you or canvass you to death, but if you want a machine we would like awfully well to sell you one at a bargain and save you what it would cost any firm to canvass you, by your calling in and picking out your machine.

The Domestic and New Home

need no recommend, they are the finest in the land. You can have one sent to your house to try.

P. S. PETERSON.

FILES! FILES! FILES!

Dr. Williams' Indian Elettment will cure Blind Bleeding, Ulcerated and itching Piles. It absorbs the tumors, allays the itching at once, acts as a poultice, gives instant relief. Dr. Williams' Indian Elettment is prepared only for Piles and itching for the private parts, and nothing else. Every box is guaranteed sold by druggists, sent by mail, for 50c, and \$1 per box. WILLIAMS' MEDICINE CO. Prop's, Cleveland, O.

For sale by Prentice & Evenson, Janesville, Wis.

Two Excursion Events.

For the annual encampment of the G. A. R. at Green Bay, May 22 and 23, to return May 24th, tickets on sale May 21 to 23. Rate, fare and one-third for round trip. Also for the unveiling of the Rusk monument at Viroqua, Wis., May 30. Excursion tickets at fare and a third for round trip will be sold May 29 and 30, good for return until May 31, via C. M. & St. P. Ry.

No Bluff Goes.

We are not here for fun, but we have to work for fun sometimes, and pay the expenses. For instance, when some other fellow cuts prices, then we go right down in our pockets. We never allow any one to take a sale away from us, no difference how much we lose. We have the reputation of being "slayers of high prices," we've earned it, and we propose to maintain it. So come and see what we have for you in buggies.

Lowell Hardware Co.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building, Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it. It will buy an education.

It will buy a building lot. It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.
New subscriber paid in advance two months, 250 votes.
New subscriber paid in advance six months, 900 votes.
New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office. Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

—ONE VOTE FOR—

Of Janesville, Wis.

A Hop, Skip and Jump.

An athletic caper of this sort would scarcely be considered indecorous in one, even of mature age and sedate habits, impelled thereto by excess of joy on recovering his digestion through the instrumentality of Hostetter's Stomach Bitters, foremost among remedies for dyspepsia, biliousness and constipation, a trio of evils usually found in conjunction with each other. As the stomach recovers its tone, and the gastric juices are secreted in healthful plenitude through the agency of this superb restorative, nerve tranquility, appetite and sleep return, the body gains in substance and the muscles in vigor. For the prevention and cure of malarious, rheumatic and kidney trouble the Bitters is a most direct and thoroughgoing medicinal agent. Its effects are speedily felt and comprehensive.

If the Baby is Cutting Teeth, Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind, colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

FARMERS ARE GLAD TO SEE THE RAIN

(Continued from Page 2.)

"Meat Market" is the black lettered inscription over the front entrance of L. E. Hill's new building. Gustave Nohr moved last week to his farm north of the village. George B. Charles and wife are now residents of Whitewater, having moved to that city last Friday. We are sorry to lose such people from our vicinity. Mrs. W. R. Kilmer of Kankakee, Ill., and Miss Hattie N. Otis of Janesville, visited relatives and friends in Afton the fore part of the week. The arrival last week, of a son and heir at the home of our town clerk, Fred Kethelohn, makes that worthy gentleman one of the happiest men in town.

The News of Indian Ford. INDIAN FORD, May 7.—Mrs. A. Proctor of La Prairie, and Mrs. Hurd of Janesville, made J. S. Hurd and family a visit last week. Miss Ida Dickerson of Edgerton, visited relatives and friends at this place Sunday. J. C. Hurd is digging a cellar for his new house. The people of this vicinity are very grateful for the rain. Charles Hallet and wife made Mrs. Hallet's sister, Mrs. C. Collins, a visit Sunday. Mrs. J. L. Stewart, of Fulton, and two of his children, made her mother a very pleasant visit Sunday. Alex. Sherman, of this place, was calling on Fulton friends the first of this week. Dr. Redwolf made Albion friends a call last Thursday. C. S. Thomas and wife and Mrs. E. L. Ward went to Janesville one day last week. John Scarcliff and Charles H. Hallet made a business trip to Edgerton last week. Arbor day was properly observed by the school at this place. The G. A. R. of H. S. Swift post of Edgerton, are making preparations for Memorial day, which will be observed by proper ceremonies.

DeWitt's Witch Hazel Salve cures scalds, burns, indolent sores and never fails to cure piles. C. D. Stevens Western Excursions.

The St. P. Co. are running excursions to the west, to points in Iowa, South Dakota and Minnesota for one fare plus \$2 for the round trip good for twenty days. They will be on sale April 30, May 21 and June 11.

The Finest
Work.

But we also desire to do business with those in more moderate circumstances and for those we have moderate prices.

W. P. BOLLES.

Age and Sex in Disease.

There are three periods in adult life when one seems more liable to go wrong than at other times. The one is at 36 years of age, when thin people tend to become fat and fat people thin. The next is between 45 and 50, when the appetite fails, nervous diseases appear, when one no longer likes to stoop much and begins to prefer riding to walking, and the next is at 61, when the same phenomena appear more markedly. With regard to the sexual distribution of diseases, one may say that ordinary kidney, lung and brain diseases, accidents of all sorts, scarlet fever and late consumption are most prevalent among males, and cancer, diphtheria, typhoid fever and early consumption among females. The most distressing cause of nerve breakdown among unmarried women is that sudden change of circumstances that ensues when a father dies who, through carelessness or improvidence, has neglected to make adequate provision for his unmarried daughters. —Leisure Hour.

Things Gas-Tronomic.

To THE EDITOR OF THE SENTINEL: I had just been reading of a chrysanthemum salad, made from the petals, in that delightful work on Japan, by Eliza Scidmore. When strolling along Gay street I found myself in the midst of a number of ladies, listening with bated breath to Miss Andrews' dulcet utterances, and watching with rapt attention her graceful movements as she deftly concocted a picturesque and toothsome morsel out of a conglomeration of oranges, rhubarb, bananas and whipped cream. That good cooks are born, not made, she is a fitting exponent, and that where the brain guides the hand, better results are obtained, she is the exemplification. A spatula in her hand is as a brush to Corot or Bongeran—making artistic dishes with enviable speed and dexterity—and her German bowls contain ingredients both luscious and palatable. Neither does she stop at delicacies but gives as much attention to more substantial viands, such as roast beef, soup and meat pies. Then she uses so many improved implements, which shows that she is the right sort of advanced woman, not seeking to meddle with the political status which belongs strictly to man, but carrying around with her the means of promoting digestion, which is the background of politics, and being in aired causes the average voter to ballot for dishonest and unscrupulous candidates. To start your boys in the world with good stomachs is a fundamental principle, and what but careful studied cooking will accomplish that end? We had a young man friend, in good circumstances, who used to come to our house to supper Sunday nights, because at home they always had a cold and cheerless meal and he said he hated it. This brings me to the surprise I feel, that the Knoxville housekeepers have not been convinced of that delightful adjunct, the gas stove. We have had one for years, and found it perfection—in economy, cleanliness and every concomitant conducive to satisfactory work, and while it was a pleasure to educate the cook up to its uses, we longed for her afternoons out that we might have sole possession of the kitchen, and concoct the dainties, the receipts for which we had been hoarding all the week. In cities where soft coal is burned, it must be a beatitude to be rid of the soot and general dirt which is the outcome of a coal range. Gas stoves give comfort to the entire house by the absence of heat in summer, and if apartments are steam-heated in winter, the gas is adequate for all domestic purposes. I overheard a lady behind me say she intended to "sell the cow and buy all of Miss Andrews' improvements." Can greater sacrifice than that be made? Another lady said, she "considered a good bread maker the benefactor of the race." "Except a good bread winner," said her more thoughtful friend. I do not know whether gentlemen are excluded from culinary seances, but if any bachelor should peep through the kinks and watch Miss Andrews through one lesson, he would immediately become a benedict. She is immaculate when she commences, and after two hours real, bond fide cooking, is immaculate still. —Knoxville Sentinel. A Stranger.

THE TOWN TALK OF A DAY.

We said we would murder shoe business this spring and summer, and we are doing it. We never sold anything like as many goods as we are selling now. Never saw customers so happy. Our Fond du lac stock, together with our Janesville stock, being thrown on the market at 50 cents on the dollar has turned hundreds of strange faces toward our door, and all of the familiar ones. Come any time, we are ready for you all day long. Becker & Woodruff.

WASN'T yesterday a bad day as far as weather was concerned? We understand it was a bad one for a number of merchants. Not here. We expected to kind of have a day off, but it seems that the most severe storms will not keep the people away. This store has never known such a business as it has had during the past ten days. But why not? Best shoes in the world at 50 cents on the dollar of factory cost. Becker & Woodruff.

TALKING price and making price is as much different as day is different from night. We never say anything we don't mean. We have a buggy we know is the best in this town, and will compare with any other make, and leave to any judge if ours is not the best and cheapest. Lowell Hardware Company.

We are doubling last year's trade and the reason is, we own the goods so much cheaper than any of our competitors that selling the stuff requires no windy argument. We have no plunder. Brown Bros. & Lincoln.

THERE has been cut prices, and cut prices, but the cut we make for tomorrow beats them all. One hundred capes and jackets worth from \$4 up to \$15, you take your choice at \$1 each. Bort Bailey & Co.

THIS store has never known such a business, as since this Fond du Lac stock came here, even though it rained almost all day Saturday, people came anyway, and at times there wasn't room to turn around. Becker & Woodruff.

FULLY realizing that small prices and a large stock have made our sale of waist sets so satisfactory, we will for the next week have a special sale of belt buckles, both in solid and plated silver. A. F. Hall & Co.

THE Epworth League of the First Methodist church will give a dime social at the church parlors this eve. A good literary programme will be given. One feature of the entertainment will be a postal department. Music will be furnished by the Arion orchestra.

Good goods and low prices are what counts. We are endeavoring to give both to the people, and that we are succeeding can only be judged by the number of customers who we wait upon daily. T. P. Burns.

M. T. MIDDLETON, manager and cutter for W. P. Bolles, spent yesterday in Chicago, returning last evening with five more tailors. He engaged another this morning and now has 18 in all.

We are selling ladies' kid shoes for \$1 a pair that no retailer in Janesville or elsewhere, can buy for less than \$1.50 to \$2. Don't that look as though we were out to murder the shoe business? Becker & Woodruff.

GUARANTEED to be the best boys shoe ever offered you and only \$1 a pair, equal to what we used to get \$2 for, all good solid leather, new stock direct from the factory. No second-hand stuff. Lloyd & Son.

We don't sell anything unless it's the very best, the umbrellas we have on hand are all the latest shades and styles of handles. Good to protect you from the sun as well as the rain. F. C. Cook & Co.

Don't ever get time to fish on the back porch. We have to scratch to wait on our trade. It goes without saying that we have the shoe store of the town. Brown Bros. & Lincoln.

LADIES low shoes—more of them than all the retailers in Janesville can show. Are they going cheap? Just follow the crowd. Come in; we'll surprise you. Becker & Woodruff.

We never sell any bath tubs. We keep them to look at only. They make a very nice show and the excellent variety sometimes attracts attention. Green & Allen.

WATCH our store. See the crowds, happy people making money. Our Fond du Lac shoe stock has charms, many of them. Becker & Woodruff.

We run a shoe store and have no time to fly balloons. We leave that ethereal occupation to some one else. Brown Bros. & Lincoln.

We are after trade with some trip hammer bargains. Now we offer one hundred capes and jackets at \$1 each. Bort, Bailey & Co.

BROWN Bros. & Lincoln's dollar Oxford is head and shoulders above the ordinary shoe sold at that price around town.

ALL the talk about lawn mowers avails nothing. If you want a lawn mower cheap come where they are bought cheap; that's us. Lowell Hardware Co.

We have just added a fresh supply to our crockery and glass wear department. We can sell you cheaper than ever before. The Fair.

We can save you money on window shades and window poles. The Fair. STOVES stored in nice dry place. Lowell Hardware Co.

Try our wool soap it is a splendid bath soap. The Fair.

Get a 26-inch umbrella for 50 cents at T. P. Burns, a great lot of them.

LAWN tennis at Sutherland's.

CHOCQUET sets at Sutherland's.

Halma Wins the Kentucky Derby.

Louisville, Ky., May 7.—The spring meeting of the new Louisville Jockey club opened under the most auspicious circumstances yesterday at Churchill Downs, and 25,000 people saw the twenty-first Kentucky Derby run and won in hollow style by Byron McClelland's black colt Halma, who had been made the odds on favorite on account of his meritorious performance in the Phoenix Hotel Stakes at Lexington last Thursday. The crowd was the largest that has been seen at Churchill Downs in years. The time was 2:37½.

Stops New Orleans Prize Fights.

New Orleans, La., May 7.—The case of the State of Louisiana vs. Olympic club, which has been pending in the various courts for nearly two years, was yesterday finally decided by the Supreme court. The state asked for an injunction restraining the club from holding prize fights. The lower court found in favor of the club. The Supreme court overrules this decision and prohibits prize fighting in any form. The decision will have the effect of killing prize fighting in Louisiana for all time.

Princely Gift for Columbia College.

New York, May 7.—President Seth Low of Columbia college has given that institution \$1,000,000. He said he would assume personally the cost of erecting the new library building of the college at One Hundred and Sixteenth street and Morningside Heights. He said he wished the library to be a memorial of his father, Abiel Abbot Low, "a merchant who taught his son to value the things for which Columbia college stands." The estimated cost of the building is \$1,000,000.

THE PEOPLE ARE NOT BLIND.

They read our daily announcements. They hear of our Low Prices. 35 to 50 per cent less than the Lowest. They know of the Reliable Goods we sell. Friends and neighbors speak of their astonishing purchases. Such values for so little money heretofore unknown.

They come to the Store and find it Crowded with Customers.

They come to the Store and find it Crowded with Customers.

Seeing is sure believing. They, too, buy---and their purchases bring another lot of customers. That's why

We're Selling Two Times as Much as a Year Ago.

We're Selling Two Times as Much as a Year Ago.

Facts are--when we're after certain results it means the sale of great lot of goods no matter how greatly prices must break. No halting to know cost or consider profit.

We didn't pay half price for that Superb North Stock and we are willing to give you the benefit of our greatest bargain. We pride ourselves on having the

Newest, Cleanest and Best Stock

in the country. We have the largest stock and the largest trade of any house in Southern Wisconsin.

KNEFF & ALLEN.

TOWN'S TALES TOLD
IN A LINE OR TWOWHAT HAS HAPPENED ON THE
CITY STREETS.

Local Brewers Are Said to Be Planning to Locate a Summer Garden Near the Milton Avenue End of the Street Car Line—Other News Notes.

A number of the business men of this city have for some time past talked of starting a summer garden. The men most interested in the scheme have been the brewers, who plan to run a similar garden to those at Milwaukee. Spring Brook was talked of at one time, but the location now talked of is on Milton avenue, three-quarters of a mile from the car line. The street car company has promised to extend its line if the scheme goes through.

While fishing at Spring Brook yesterday afternoon, a number of boys noticed what they supposed to be a small stump in the water but paid no more attention to it. Later on S. D. Hill, who was fishing there, found the object to be a forty pound snapping turtle. It was successfully landed and is now on exhibition at Hoff's restaurant.

D. FRANK HEDDLES and bride were guests of Alderman and Mrs. S. B. Heddles last evening, they being on their return wedding tour enroute for their home in Evansville where they will be "at home" to their friends after June 1.

JOE GRIFFIN, who was injured last week in the Northwestern yards, will lose but one finger on his right hand, as the other two can be saved. The amputation took place this afternoon at Dr. Palmer's office.

The ladies of the Union Catholic League will hold a special meeting in the League hall Wednesday evening, at the usual hour. All members are requested to attend, as important business will be considered.

The Juniors of the Congregational church will give a free "Merry Times" social at the church, Thursday afternoon at 4 o'clock. Each bring his own lunch. All are invited.

The "Club-smashers" were defeated by the "Silver Stars" Sunday afternoon by a score of 12 to 1. Batteries: Duller, Kleb, and Funk; Cooley, Conley and Fred Duller.

R. D. LAMONT was in the city today the guest of his brother, Robert. Mr. Lamont is on his way from Madison to Montgomery, Alabama, where he expects to locate.

C. C. McLean shipped the last one of his black and tan puppies this morning to the superintendent of the Milwaukee & Northern Railroad at Escanaba, Mich.

OUR dressmaking department is now open, Miss M. A. Morrissey having returned from the east with the latest styles. M. A. Morrissey & Co., on the bridge.

We are selling lots of those men's and boys' durable and stylish shoes at 85 cents, \$1, \$1.50 and \$2.50 for the very best black or tan. S. D. Grubb.

The base ball clubs of the University of Wisconsin and Beloit college will meet at Beloit Saturday May 11, and a fine exhibition is assured.

MACINTOSHES at half price, black serge coats; warranted water proof \$3. All wool tricoats, box or cape \$6.50. S. D. Grubb.

We can satisfy you on any priced hat you wish to buy, we cater to the masses. M. A. Morrissey & Co., milliners on the bridge.

The three diphtheria patients are reported as being in a very favorable condition today, with prospects of speedy recovery.

H. A. BORN, of St. Louis, was in the city yesterday, and sold Monterey's new meat market a four hundred dollar ice box.

JOHN LITTLE has leased the fifteen acres of land on Bennett avenue of R. A. Horn, for the purpose of raising tobacco.

Mrs. E. F. Woods who has been dangerously ill at her home for the past three weeks, is reported as being better.

PLEASE remember the lectures on cooking to be given at Columbia hall May 8, 9 and 10, 2:30 to 4:30 p. m.

The upper stories of the American house on East Milwaukee street are being repaired and repainted.

CAPTAIN C. F. GLASS left this morning on an extended trip through the southern part of the state.

MEN'S all wool suits \$5. Imported worsted suits \$7.50. They sold for \$15 last year. S. D. Grubb.

We make suits to order for \$12, pants \$3. Over 300 patterns to select from. S. D. Grubb.

REPAIRS are being made on the Myers house concrete walk on East Milwaukee street.

Boys suit sale this week. Prices \$1, \$1.50, \$2 and \$2.50. Just one-half value. S. D. Grubb.

B. F. LANDIS, a former Janesville citizen, but now of Waupun, was in the city today.

NELSON Brothers have purchased a new pacer from O. Brace, in the town of Janesville.

ARTHUR BAIRD intends to leave on an extended trip through the south this evening.

The Fire police will meet tonight. The Odd Fellows Lodge No. 90, will meet tonight.

A dog that had been following up the Main street car for a block, came to a sudden death this morning at

8:30 o'clock. When in front of the post office, the dog got under the wheels and was killed instantly.

WILLIAM McVICKER is one of the happiest men in Janesville today, on account of the bouncing ten-pound plumber that arrived at his home this afternoon.

WILLIAM SCHULKAMP, a well known Madison citizen, was in the city today.

JAMES SELKIRK is visiting Morrisonville, the guest of his sister, Mrs. J. G. Smith.

D. S. YOUNG, a prominent groceryman of Monroe, was in the city today. RUMOR has it that Monterey will soon have a saloon.

READ W. T. Vankirk's price list.

PIANO SHOP WON'T COME HERE

E. E. Jones Had Janesville Picked Out, But Fond du Lac Gets Him.

Janesville lost a factory a short time ago because a Fond du Lac man sang a siren's song in the ear of the owner thereof. E. E. Jones, of Chicago, was the man who listened while Maurice McKenna was the one with the persuasive flow of language. Mr. Jones is the owner of the Stracchino piano patents, and had almost decided to establish the plant in Janesville. Mr. Jones had already shipped supplies to the Bower City, and final arrangements were being made to open up the plant. About a week ago Mr. Jones said he recalled to mind the praises of Fond du Lac which Mr. McKenna was "singing" to him, while in Milwaukee.

"It occurred to me would be a good idea to see McKenna's town. I did not intend to let my mission known, but I guess he must have informed some of the business men. At any rate we were waited upon by them and I must confess we were entirely carried away by the city. The railroad facilities are unsurpassed, the farming country surrounding is far ahead of what I could have expected, and we could find no better location for our enterprise."

The firm will have a capital stock of \$200,000 and the Fond du Lac papers are "crowing" somewhat over the getting of the plant.

SCHOOL BOARD MET LAST NIGHT

The First Regular Session of the New Body Held.

The first regular meeting of the new school board was held last evening. Commissioners Anderson, Clemens, Cunningham, Goldin, Shearer and Weisend were present.

Bills to the amount of \$118.44 were allowed from the general fund, and to the amount of \$5,300 from the high school fund.

The finance committee was authorized to insure the several buildings.

The building committee was authorized to place a drinking fountain in the new high school and make arrangements to put tile, cement or other suitable floors in the basement water closets of the new buildings in place of dry oak now specified.

The finance committee reported \$6,007.16 on hand in the general fund, \$23,303.92 on hand in the high school fund and a total of \$59,000 insurance carried on the several school buildings.

LITTLE EDDIE BROWN'S FUNERAL

It Will Be Held From St. Patrick's Church Tomorrow Morning at 9 o'clock

The funeral of Eddie Brown, the unfortunate little boy who was drowned yesterday afternoon, will be held at St. Patrick's church at 9 o'clock tomorrow morning. The body was found near the place where the little fellow sank from sight, two hours after the accident, by D. S. Preller and J. R. Sheldon.

BEYOND ALL EARTHLY WOES.

A. S. Griswold.

A. S. Griswold died at his home, 219 North Jackson street, at 8:15 o'clock last evening, aged forty-two years. Bronchial consumption was the cause of Mr. Griswold's death, and although he had been unwell for some time, he had been confined to his bed but a few days. He leaves beside a widow and an aged mother who resides in Iowa, four young children, two sisters who reside in Sidney, Iowa, and a brother in Minneapolis, all of whom were at his bedside when death came. Mr. Griswold was a painter by trade, and was in the employ of the Janesville Machine Company.

Funeral of Mrs. Heath.

The remains of Mrs. Maria Heath were buried in Oak Hill this afternoon. Funeral services conducted by Rev. S. P. Wilder of the Congregational church, were held at the home on Cornelia street at 2:30 o'clock, attended by a large number of friends, many of whom attended the funeral party to the grave. The pall bearers were, S. Hutchinson, William Winkley, S. B. Kenyon and Phillip Yeomans.

Mrs. Almira Stannard.

Mrs. Almira Stannard, notice of whose illness was mentioned in the Gazette last evening, died at her home in the town of Janesville at 2 o'clock this morning, aged sixty-four years. Mrs. Stannard was an early settler in Rock county, coming here in 1846. She leaves one daughter, Mrs. Harry Lowery of Buffalo, South Dakota. The funeral will be held at the home Thursday morning at 11 o'clock.

JOSEPH DUBY'S LUCKY FALL.

Scaffold Saved Him From a Sixty Foot Plunge.

Joseph Duby, of Whitewater, fell while working on the new high school cupola this afternoon, but luckily landed on a staging instead of on the ground sixty feet below. His ankle was sprained, and internal injuries are feared.

BAD MEN THE ONES
THE POLICE WANTEDALBANY SUSPECTS IDENTIFIED
BY AN OFFICER.

"Sheeny Red" and "Maxcy" the Men That Sheriff Appleby Had Locked Up Taken to That Town This Morning and It Is Said the Case Against Them Is Strong.

When Sheriff Appleby "felt it in his bones" that "Sheeny Red" and "Maxcy" might be the burglars who looted the store at Albany, and caused their arrest, his thief taking instinct did not lead him astray.

At least that's what Sheriff Duerst of Green county, said just before he stepped on the train with the two handcuffed men this morning.

Sheriff Duerst and one of his deputies passed through Janesville yesterday en route for Madison with an insane man. When he returned last night he took a walk down to the jail accompanied by a farmer who lives near Albany and at whose place two men stopped the night of the robbery and asked for a drink of water and also the way to Footville. When he looked at "Red" and "Maxcy" the farmer at once said they were the men. Sheriff Duerst left them in jail over night and took them back to Albany this morning.

The two men were arrested along with a number of tramps, and as soon as the sheriff saw them he recognized them as men who had hung around Beloit and at once suspected them of the Albany job. "Red" is said to have admitted that he was in Albany the night of the robbery when goods valued at \$500, were taken.

C. J. Larkin Is Shiftless.

C. J. Larkin has the appearance of being an able-bodied young man, yet Larkin is averse to earning the necessities of life, preferring to spend his time loafing around the saloons and free lunch counters, and begging small sums of money from his acquaintances. He fell into the hands of Patrolman Hogan this morning, and the officer introduced him to Judge Phelps, at the same time preferring a charge of vagrancy against him. This did not set well on Larkin's stomach, especially when the judge incidentally informed him that he might, if convicted of the charge, be sent to the county house for a season, at which place he would find plenty of work and plenty to eat.

"That would be a nice thing to send an able bodied man like me to the county house," remarked Larkin in reply. "I think I am able to earn my own living."

"I will let you go on parole until this afternoon, at which time you must appear here and show to the court that you are able to support yourself, or that you have means of supporting yourself," said the judge, and Larkin hastened out of the court room.

Larkin reappeared in the municipal court late this afternoon when Judge Phelps sent him to the poor house for thirty days.

"Lit" Barry was introduced to the court this afternoon, and, after being reminded of the many promises he had broken, the judge adjudged him guilty of assault and battery and sent him to the county jail for four months at hard labor.

Otis Walkley, who was drunk and disorderly got five days, and Patrick Dorsey, who traveled in the same class, three days.

RECORDER'S STAFF OF LIARS.

They Have Editors For Both Sides of All Questions.

The Recorder staff is constantly growing until it now includes the following contributors:

One water works editor—for the company.

One water works editor—against the company.

One aerial ladder editor.

One well-equipped moral censor.

One A. P. A. editor—for.

One A. P. A. editor—"agin."

And last but not least one "Madison correspondent" who can cover the news at the capital without leaving his desk in Janesville, and has left for tomorrow.

Great is the Recorder.

That's why people stop it.

LIGHT INFANTRY'S INSPECTION

Lieutenant Buck Compliments the Company on Its Proficiency.

Every member of the Janesville Light Infantry was in line last night when the company was inspected by Lieutenant Buck. Following the inspection a social dance was held and among the company's guests were: Col. A. F. Caldwell, Assistant Quartermaster General; Col. W. Patton, Assistant Adjutant General; Major D. A. Stearns, Major Evans, Captain T. J. Rogers, of the Line City Rifles, and Mr. Ginty, Stenographer in Adjutant King's office at Madison.

Lieutenant Buck complimented the company on their proficiency, but the result of the inspection will not be known for some time.

SMALL BOY'S LEG WAS BROKEN

Johnny Korth Aged Nine Years, Injured By a Fall

The little son of Mr. and Mrs. Henry Korth, who reside on a farm near Emerald Grove, was in the city today with his leg tied in bandages. The little boy was riding on a seeder, when he accidentally fell, catching his right leg in the wheel, fracturing the bone below the knee.

Dr. Price's Cream Baking Powder
World's Fair Highest Medal and Diploma.

A PROFIT IN PIGEON RAISING.

The "Squabs" Bring Good Prices and Pass For Quail.

Many Rock county farmers are turning their attention to pigeon raising, owing to the high price that is being paid in cities for young birds. The raising of pigeons is less trouble and more profitable than growing chickens, and L. Kennedy, who resides on a farm seven miles north of the city, keeps five hundred birds on hand for breeding purposes. The young birds, which are called "squabs," are in prime condition when but eighteen days old, when they are then killed and sent to Chicago and the eastern market, where they bring fancy prices, being sold 70 quail. The squabs, after being killed are shipped by express in boxes filled with ice, without being picked, and bring from \$2.50 to \$3.00 a dozen from the different commission houses, while the firms in return receive fancy prices from the leading hotels and private clubs of the large cities.

CHRIST CHURCH BOYS' BRIGADE

Young Men Agree To Use Neither Liquor Nor Tobacco.

A number of the boys of Christ church, between the ages of twelve and twenty, formed a boys' brigade at the paragon last evening. They will drill one night in the week, with William Ruger, Jr., as captain. They will be known as Company B, and have ordered uniforms. All members take a pledge when they join, not to use liquor or tobacco in any form.

NOTHING DONE AT THE MEETING.

Business Men Did Not Reorganize at Last Evening's Session.

No business was transacted at the Business Men's Association last evening. The board of trustees will hold another meeting this week to talk over what is best to be done and another meeting of the association will be held next Monday evening.

THE WEBSTER SCHOOL REOPENED

Fumigation Is Finished and Pupils are at Their Desks Again.

The Webster school was re-opened this morning, the building having been thoroughly disinfected by the health department and school board. Janitor Riley was up most of the night getting everything ready for school work this morning.

CYCLERS WILL VISIT CLINTON.

Y. M. C. A. Wheelmen Barquetted at That Town Friday.

The members of the Y. M. C. A. cycling club will leave Friday evening at five o'clock bound for Clinton, as the club have received an invitation from A. Woodward, the banker of that town, to dine with him at his beautiful residence. They will return by moonlight.

An Awful Blunder.

Our local yesterday contained the statement that we had an \$800,000 stock, it should have read \$8,000.00. The boy got the decimal point in the wrong place. We trust that Sessor did not get onto it, he would put a tack on us that would break the joists in the building. Kind of dangerous business making statements now days. Brown Bros. & Lincoln.

THE DAY'S GRIND
IN CIRCUIT COURTTHE M'KINNEY-BANFIELD CASE
IS ON TRIAL.

Price of a Mare In Dispute the Plaintiff Claiming That He Sold Her to the Defendant While the Latter Says It Was a Contract Arrangement—Cases Put Over.

Things were a bit quiet in the circuit court today. Judge Bennett this morning took up the case of Henry D. McKinney against James Banfield. The case involves the price of a mare, which the plaintiff claims he sold to the defendant, the price being \$125. The defendant claims he did not purchase the animal, but that he took her, with an understanding between himself and the plaintiff, for her keeping and for breeding purposes. The trial is before a jury, Fethers, Jeffris, Fifeild & Matheson appearing for the plaintiff, and Dunwiddie & Wheeler for the defendant.

A number of cases which had been placed on the calendar for today were continued, some for the term, and others until absent witnesses could be reached.

I. C. BROWNELL MAKING CHANGES.

Repairs Are Being Made on the Additional Store Room Recently Secured.

I. C. Brownell, having leased the store in the Court Street church block, formerly occupied by Alex. McGregor, has commenced cutting a large arch doorway, connecting the store with the one he now occupies as a grocery. Mr. Brownell will put in a special stock of teas, coffees, and pure spices in this new store, intending to make a special business in these goods hereafter.

THE DRY EXTRACT CO.,

Gentlemen:—

We value Milkine very highly. We had tried feeding our baby on milk and other food. She always seemed hungry and did not thrive at all. We were advised by a friend to try Milkine. This agreed with her perfectly. She is now growing and is strong and healthy. We believe Milkine to be superior to anything of the kind for children.

Yours respectfully,

Mrs. N. E. BIGLEY.

WEDDING GARMENTS.

The Bonnet of the Bride—Bridesmaids and Traveling Costumes.

The mother of the bride must wear a trained gown at the wedding, according to prevailing rules at present.

For the first calls that the bride pays after her marriage she wears a somewhat formal gown of silk of a fashionable color with lace or fur trimmings, according to the season. More particularly she signifies her new estate by wearing a small bonnet instead of a hat, this bonnet to be very dainty and "dress up" in its character and composed of lace, spangles, gold beads and flowers rather than straw.

The traveling gown must be of tweed, serge or cloth, and a round hat is worn with it.

The bridesmaids at a wedding wear gowns to be distinguished from their usual "toilette de ville" only by the color, which should be clear and brilliant. The material and the richness of the costume are of less importance than its gaiety of tint. Rose, blue and other delicate tones are employed, although the best taste excludes white as belonging to the bride especially. Velling, surah, crepon and bengaline are all suitable materials. Round hats are usu-

SILK GOWN.

ally worn by the bridesmaids, as are black silk hose, patent leather shoes and white or light gloves. A fanciful bag or purse completes the toilet, made to match the gown and trimmed with lace and ribbons. Flowers may be added if they are desired.

Persons in mourning who wish to attend a wedding must lay aside their weeds for the occasion, as it is a breach of etiquette to wear mourning at a marriage.

The gown of which a sketch is given is composed of beige silk with broadened dots. The flaring bell skirt has two short quilles of ribbon, extending downward from the waist and terminating in bows. The back of the bodice is gathered at the waist. The blouse front is trimmed with bretelles of ribbon, while the shoulders are covered by a curiously shaped collar of green velvet striped with lines of gold beading. The high collar is of velvet, and the sleeves are of bias silk.

JUDIC CHOLLET.

VARIOUS NOTES.

Handsome Opera Bags—Fancies in Straw Hats.

Pretty bags for the opera and theater are made of exquisite pieces of embroidery or brocade, lined effectively with a bright color. On the sides, leaving a third bare, is sewed broad, fine lace, and a narrow lace is fulled down the side, falling in a cascade, but round the mouth, drawn in by reversed ribbons or cord, broad lace is thickly fulled. The bag itself is three fingers deep and four wide. The fulled lip is two inches wide. In this bag are carried the opera glasses, handkerchief, bonbonniere and scent bottle.

Black lace flounces are now much worn on bright silk petticoats, in combination with ruffles of the same silk. Petticoats are made very wide and are cut like dress skirts.

Hats are of all sizes, from very large, wide brimmed shapes to small turbans, and there is equal variation in the size and shape of the crown. Sometimes it is high and straight, sometimes shaped like an inverted flowerpot, again it tapers to a point, or it is entirely omitted, the top of the hat being perfectly flat. There are small crosswise Napoleon hats and tiny three cornered bits of straw with no indication which may reveal which is the back and which the front. Straws, chips, ne-

SPRING HAT.

apolitan braid and a new enameled braid which looks like jet, but is not, are all seen in great variety, while there is no limit to the brilliancy of color. The prettiest are the green straws, in foliage tints, and those of an exquisite golden yellow. The latter usually have more or less black in the trimming, which sets off their color to advantage.

Metallic effects are as fashionable as ever in millinery, and now that spangles are made in every tint the variety of the ornaments made of them is astonishing. Nothing is prettier than gold, after all, however, and as it goes well with everything it is more economical for women of moderate means than the peacock and ruby tints that are so attractive at first sight.

The hat of which an illustration is given is of coarse pale green straw. It is trimmed with bunches of finely plaited black and white mousseline de sole, and a cluster of black plumes. A cluster of roses is placed under the brim behind.

JUDIC CHOLLET.

On a summer day the average healthy adult perspires about 28 ounces.

She Took a Car.

The story of how a portly woman stopped and caught a one horse car on Lehigh avenue near Germantown avenue, though not as amusing as the actual occurrence, has its points of interest.

The driver-conductor had just let out a woman passenger when the fleshy female appeared behind the car, wildly gesticulating in a manner calculated to be understood for "stop that car!" A masculine passenger rang up two fares on the register, but the car went on. Then another man pulled the right bell-cord and lectured the driver, while a third, supposing that the lady who had just alighted had left a basket in the car, rushed with the driver's lunch basket to the signaling fat woman, who of course didn't know what he meant, but just bearded the car, paid two fares and independently spread herself on a seat.—Philadelphia Record.

The Latest Query.

"Should wedding trips be abolished?" is the latest query agitating feminine readers of a London newspaper, and it seems almost as unanswerable as "Is marriage a failure?" A man with five sisters-in-law, however, stands up for the good old custom and says he likes having his back showered with rice and an eye shut up with an old slipper, and if he should be married a dozen times—the Turk—he'd have a wedding journey, every one. All the brides in the kingdom, too, are replying in little dove-like coos to the editor's cynical question; therefore it is presumed the wedding trip will not be abolished while bridegrooms have any money to go honeymooning with and the brides believe in rushing into print on the tender subject.

Vocal Economy.

Let the vocal pupil remember that the charm, beauty and soul of her voice will be improved and strengthened 100 per cent by the adoption of a fruit diet and clean living. This particular diet means extreme temperance and includes, among other nourishing and nutritious articles, all ripe raw fruits except bananas, stewed dried fruits, fried or baked bananas and apples, wine, lime juice, lemonade and cider and vegetables in variety. The teacher who gives this advice says with reference to cleanliness: "Look at the stage for proofs. The life is so hard that only those who take exquisite care of themselves survive short lived popularity."—Cleveland Plain Dealer.

A Term Misapplied.

The term, "south paw," as applied to left handed baseball twirlers, is familiar to every "fan" and is generally supposed to have originated from the relations of the pitcher's position in the box to the points of the compass. Probably few persons have ever given the matter a second thought, and it is not generally known that the right handed twirler is the real south paw. Most baseball diamonds are so constructed that the pitcher faces to the east, and his right arm, not the left, is to the south side. The diamonds are so arranged because the afternoon sun would shine in the fielders' eyes were they constructed on the opposite plan.—St. Louis Post-Dispatch.

New York Suicides.

It is said that seven suicides is the normal daily average in New York and vicinity. Facts collated prove that poverty, which is usually considered a prime cause for self murder, does not figure as the motive in the majority of these suicides, for most of the persons are those in comfortable circumstances.

Old Age.

The leaves of forest trees grow more beautiful in their age just before they drop off and die, and few people follow their example. Yet it was a Frenchman of a great mind who said if he could choose his age for a permanent residence upon earth it would be as an old man.—Boston Transcript.

An Elevator's Trips.

While I was waiting for a Laclede building elevator to begin its journey upward I surveyed the uniformed conductor and wondered how far he travels without "covering any ground" in the course of a day's journey.

"How many trips do you make every day?" I asked.

"About 450."

"Have you calculated what distance that represents?"

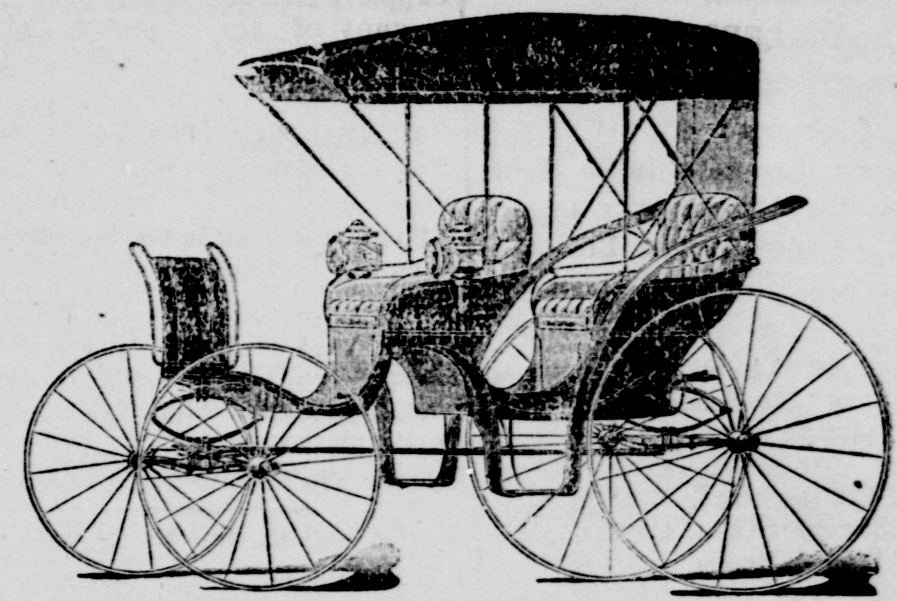

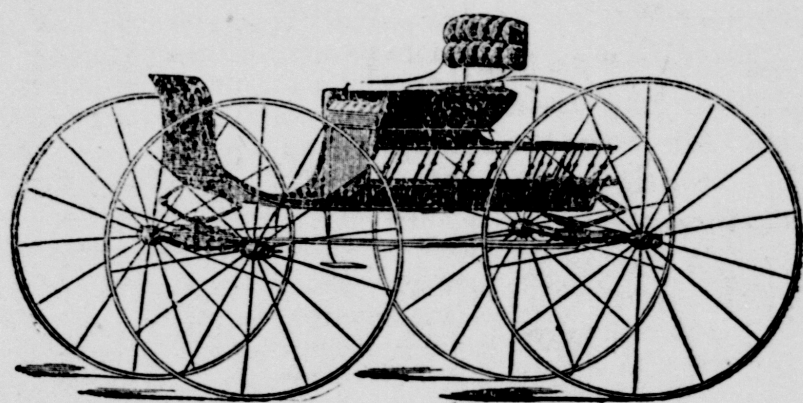

"Eighteen miles."—St. Louis Post-Dispatch.

How to Preserve Old Manuscripts.

The paper or document, after being cleaned or brushed, is washed on both sides with a transparent adhesive solution. Sheets of imported white silk of the most delicate fabric, large enough to give an ample margin or border to surround the document to be preserved, are then placed on each side of the record and pressed. The pressure causes the silk to adhere closely to the document, which is then treated to a coating of paraffin for the purpose of bringing out and making more legible the writing thereon. This process seals the document permanently from any danger of disintegration or fading of the ink, and also is a protection against insects or mice, which might prey upon the ancient records.

A Southerner's Tribute.

Lincoln's best image is the boy of America to whom he communicates himself, his high impulse and example, his best pedestal a broad, free Union, yet if art would fitly commemorate the rise of a man without history summoned to ennoble all history what better token of a humble woodman matured to a great magistrate than a rough, resinous American bough upheld against a storm in the firm grasp of Liberty as a flaming torch, unquenchable, but too fast consumed, and revealing through a black night of thunder peals and sobbing rains a path on to a gracious dawn full blown with the morning glories of the old flag?—John G. R. Pitkin.

LOWELL HARDWARE CO.

The Push and Hustle Merchants.

Our patrons will find De Witt's Little Early Risers, a safe and reliable remedy for constipation, dyspepsia and liver complaints. C. D. Stevens.

California's Wheat Belt in Danger.

Stockton, Cal., May 6.—The farmers of San Joaquin and adjoining counties in the great California wheat belt are greatly troubled by depredations of the aphid, an insect belonging to the hemiptera family. Many hundreds of acres of late sown wheat are affected, and the crop will be greatly shortened. The insect attacks the roots, and leaves a web or film about each separate root, destroying the plant. Reports from Stanislaus county indicate that the farmers there will suffer more than those of San Joaquin county.

LaGrippe is here again with all of its old time vigor. One Minute Cough Cure is a reliable remedy. It cures and cures quickly. C. D. Stevens.

G. A. R. Encampment at Green Bay.

On account of the Annual Encampment of the Wisconsin G. A. R. at Green Bay, May 23 and 24, the North-Western Line will sell excursion tickets at reduced rates, good for return passage until May 24, inclusive. For tickets and full information apply to agents Chicago & North-Western R'y.

Iron Molders on Strike.

Indianapolis, Ind., May 6.—The iron molders of this city are on strike. The foundry men have refused to meet their demands for an increased wage scale. About 100 men will go out.

Sick headache, constipation and indigestion are quickly cured by De Witt's Little Early Risers, the famous little pills. C. D. Stevens.

Available.

Many good remedies are unavailable because they need the direction of a physician.

Allcock's Porous Plaster

can be used by anybody, and it is always effective for sprains, strains, weak back and soreness in the chest or muscles.

Do Not Be Deceived into taking an imitation. Insist upon having the genuine "Allcock's."

Allcock's Corn Shields, Allcock's Bunions Shields, Have no equal as a relief and cure for corns and bunions.

Brandreth's Pills

renovate the system by purifying the blood. They do not weaken.

"A Word To the Wise Is Sufficient."

I suffered terribly from a roaring in my head during an attack of catarrh, and became very deaf. I used Ely's Cream Balm, and in three weeks could hear as well as ever.—A. E. Newman, Graling, Mich.

One of my children had a very bad discharge from the nose. Physicians prescribed without benefit. After using Cream Balm a short time the disease was cured. O. A. Cary, Corning, N. Y.

Price of Cream Balm is fifty cents.

Life Sentence for Bilk.

Minneapolis, May 6.—Claus A. Bilk Saturday pleaded guilty to the murder of Catherine Gling, and was sentenced to the penitentiary for life.

BETTER THAN A GOLD MINE.

Last month I cleared, after paying all expenses, \$235.33; the month before \$186.86 and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and not much experience. When you have an article that every family wants, it is very easy selling it. It seems strange that a good, cheap dish washer was never before placed on the market. With the Perfection, which sells for \$5 you can wash and dry the dishes for a family in two minutes, without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co., Station O, Englewood, Ill. I feel convinced that my lady or gentleman, in any location can make \$5 to \$10 a day, as every family will very soon have a dish washer. Try it and publish your experience for the benefit of others. ALICE O.

NOTICE TO CREDITORS—STATE OF WISCONSIN—County Court for Rock County in Probate.

Notice is hereby given that at the Nov. term of the County Court, to be held in and for said county, at the Court House, in the city of Janesville, in said county, on the first Tuesday, of Nov. A. D. 1895, between Nov. 5, 1895, at 9 o'clock a. m. the following matters will be heard, considered and adjusted.

All claims against Seymour L. Hazen, late of the city of Janesville in said county, deceased. All such claims must be presented for allowance to said court, at the court house, in the city of Janesville, in said county on or before the 24th day of October, A. D., 1895, or be barred.

Dated April 2, 1895.
By the Court:
JOHN W. SALE County Judge.

FOR SALE
A Model Milling Plant.

The recent death of the owner makes the sale of this plant necessary. It consists of a flouring mill, packing-storage house and two elevators. The mill is 600 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage-packing house is 30x120 feet two stories. The elevators each have a capacity of 30,000 and 50,000 bushels. A branch railway track runs between the mill and packing-storage house. This plant was ALL remodeled and made new in 1894. The business of this plant has paid the owner, up to his death, from \$8,000 to \$20,000 per year. This plant cost over \$80,000 and is the finest one in the northwest. It is run by water power and situated in Janesville, Wis., except the large elevator which is at Lake Preston, S. D. There is no encumbrance and it will be sold upon easy terms or can be exchanged for first-class real estate.

Madge—What would you say if I told you that Mr. Swelledge had actually proposed to that odious Miss Elderby?

Marretette—I'd say that hypnotism is making tremendous strides.—Chicago Record.

TWO-ENDED SARCASM.

"Hugh," snipped the boarder, "can you give me a word to rhyme with hash?"

The landlady smiling answered him: "Suppose, sir, you try cash."—Detroit Tribune.

THE TABLES TURNED.

"I caught a burglar in my room last night," said the editor.

"Indeed?"

"Yes; but I only got six dollars out of the poor fellow!"—Atlanta Constitution.

HE NEEDED IT.

"Scaggs is getting fat," said Wiloughby.

"He's developed a double chin."

"Well, he needed it," said Parsons. "His original chin was overworked."—Harper's Bazar.

THAT ENDED IT.

Maud—What makes you treat Jack so coldly? You used to find him so interesting.

Marie—Didn't you know I was engaged to him now?—Brooklyn Life.

IN THE GAME'S INTEREST.

Miss Endrushi—Oh, my brother's been hurt! He's being carried off the field. Her Escort (Yale '98)—Never mind; we have a substitute end who's just as good.—Yale Record.

POLICEMEN NEVER.

Blobbs—What's the difference between gloves and policemen?

Blobbs—Give it up.

Blobbs—Well, gloves are usually on hand.—Philadelphia Record.

A BOGUS BILL.

Out of Which the Mice Had Cut the Bad Mark.

Not long ago a \$20 note was sent to the United States treasury for redemption. Accompanying it was an affidavit saying the owner had put it in a cigar box where mice had got at it and nibbled it. The note was a counterfeit. Not only that, but it had been through the treasury at some previous time and had been stamped with the word "bad" in letters cut out of the paper. But the alleged mice had almost obliterated the letters by nibbling around them. It was a queer way for mice to behave, to say the least of it. A detective of the service was sent to look the matter up. He investigated the case fully, and reported that it was all right—in short, that the note had been submitted for redemption in good faith.

The owner, it appears was an old German sailor of respectable character. Nevertheless, he would go on an occasional spree. Waking up one morning after a night of dissipation he found all his money gone except this note of \$20. Somebody had doubtless passed it off on him. He noticed nothing wrong about it, and had put it into the cigar box in which he kept not only his ready money, but also bird seed for his pet canary. Mice attracted by the bird seed, visited the box and incidentally chewed up the note. On finding it partly destroyed the sailor forwarded it to the treasurer at Washington. The case is interesting, chiefly as an illustration of the way in which appearances of fraud may sometimes mislead.

A DELIGHTFUL MEETING.

But She Hadn't Thought It Best to Be Too Explicit.

"Fancy meeting you here, dear!"

"It's quite too delightful, isn't it?"

They kissed one another rapturously—a short peck on both cheeks. I had taken down the young lady in the white gown at a dance supper, and I knew she was from Chicago. I stood behind her in the corner when the young lady in a blue gown floated up, and I couldn't help hearing.

I wish I could, for the young lady in blue stepped back a pace or two and said, in tones of astonishment:

"Why, you've got on your wedding gown!"

"Yes, I only wore it twice, you know, and nobody knows it here. I had new sleeves put in and—"

Here her eyes rested upon me, and my face must have expressed the fact that I had been addressing her for the last half hour as an unmarried woman.

"Perhaps I had better get you—er—an ice or something," I ventured miserably, trying to wriggle around a palm, but she turned to her friend brightly and remarked, without the slightest embarrassment:

"So perfectly ridiculous, isn't it. But Mrs. Blank (the hostess) didn't think it necessary to tell any of the men that I had taken my maiden name after getting a divorce. I was married last February, you know, and divorced in Springfield. That's how I happen to be wearing my wedding gown."

I haven't got over it yet.

Dr. H. R. Fish of Gravois Mills, Mo., a practicing physician of many years experience, writes: De Witt's Witch Hazel Salve has no equal for indolent sores, scalds and burns. It stops pain instantly, heals a burn quickly and leaves no scar. C. D. Stevens.

Cheap Excursions to the West.

On May 21st and June 11th, The Northwestern Line (Chicago & North-western Railway) will sell excursion tickets at very low rates to a large number of points in the west and Northwest. For full information apply to agents, Chicago & North-western Railway.

B. H. Bowman: Pub. Enquirer, of Bremen, Ind., writes: Last week our little girl baby, the only one we have, was taken sick with croup. After two doctors failed to give relief and life was hanging on a mere thread, we tried One Minute Cough Cure, and it's life was saved. C. D. Stevens.

He Must Forfeit.

One evening, Colley Cibber, by missing his cue and giving a message at the wrong moment, spoiled one of Betterton's best scenes. So as soon as he passed the wings, Betterton, in a rage, said to the prompter: "Forfeit, Master Colley." "Can't be done," replied the prompter; "Master Colley has no salary." Well, then, put him down for ten shillings a week," cried the enraged manager, "and forfeit him five!"—Argonaut.

A NEW DISCOVERY BY THE SHAKERS.

For more than a hundred years the Mount Lebanon Shakers have studied the cultivation of medicinal plants and sought to extract from them their healing essences. Their labor has not been spent in vain. They have made a discovery that will prove a blessing to mankind. It consists of a cordial that causes immediate relief in cases of indigestion. The importance of this discovery will be apparent when we realize that nearly nine-tenths of our sufferings are caused by dyspepsia or indigestion. Nearly every person you meet has this digestive trouble in some of its varied forms—sick headache, distress after eating, pain and fullness in the chest after eating, palpitation of the heart, etc., are but symptoms of indigestion. To relieve these sufferings has been the study of the Shakers, and they have succeeded. The reason the Shaker Digestive Cordial has such an immediate and salutary effect is that it causes the food eaten to be digested, for it is undigested food that causes the distress. The cordial causes the food to be digested before there is time for it to ferment and sour on the stomach. When the food is so digested it gives strength and vigor to the feeble body, makes one feel bright, cheerful, and makes one gain in flesh.

The Digestive Cordial is so prompt in its action that the very first dose will have a perceptibly favorable result. This trial bottle will cause a decided beneficial effect and will satisfy anyone that the Cordial is adapted to his case. After a trial give praise to the Shakers of Mount Lebanon, N. Y.

REMEMBER there

are hundreds of brands of White Lead (so called) on the market that are not White Lead, composed largely of Barytes and other cheap materials. But the number of brands of genuine

Strictly Pure

White Lead

is limited. The following brands are standard "Old Dutch" process, and just as good as they were when you or your father were boys:

Southern, "Red Seal," "Collier," "Shipman."

For Colors.—National Lead Co.'s Pure White Lead Tinting Colors, a one-pound can to a gallon of Lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that is possible to put on wood.

Send us a postal card and get our book on paints and color-card, free; it will probably save you a good many dollars.

NATIONAL LEAD CO.
Chicago Branch,
State and Fifteenth Streets, Chicago.

VIGOR OF MEN

Easily, Quickly, Permanently Restored.

Weakness, Nervousness, Debility, and all the train of evils from early errors or later excesses, the results of overwork, sickness, worry, etc. Full strength, development and tone given to every organ and portion of the body. Simple, natural methods. Immediate improvement seen. Failure impossible. 2000 references. Book, explanation and proofs mailed (sealed) free.

ERIE MEDICAL CO., Buffalo, N. Y.

If All Other Doctors Have Failed To

Cure you don't Despair but

Consult Free of Charge

DR. P. H. SHARP

The Most Successful Specialist In All

Nervous, Private and Chron-

ic Diseases of Men and

Women.

Dr. Sharp has for 20 years made a Special Study and Practice of these Maladies which have proved such stumbling blocks to the medical profession. More failures are recorded in these three lines of practice than in all the 1000 remaining diseases to which the human race is subject.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98

per cent of the cases he ac-

cepts for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

YOUNG MEN troubled with results of younger indiscretions can be safely and surely cured. I know it.

MIDDLE-AGED MEN can have a new lease of vitality.

OLD MEN can take a new hold on life and its joys.

WOMEN can find not only relief but positive cure for their many annoying and dangerous ailments.

Leucorrhoea, Painful Menstruation, Delayed or Obstructed Menstrual Periods, Headaches, Ovarian Inflammation, Etc.

FREE TREATMENT.

For one week, commencing Thursday, April 4, Dr. Sharp will give free treatment to all patients till they are cured.

OUR ABILITY

to be of the greatest service to you depends to some extent on your conferring with us. Our line runs practically through the center of the state, and we desire to aid in improving the business of the community at the same time benefitting our road.

If those who read this will enquire how our train service is conducted they will be sure to make more use of our lines.

Our trains are run to accommodate the business, and for comfort and prompt service all

around, are not excelled by any line. We want to build up our

ing inter-ests, and with the abundance of

Timber of all kinds, Pine, Hemlock, Oak, Birch, Maple, Basswood, etc.

Tan-bark, together with Granite and Lime Stone Quarries, Clay beds for brick, and our unlimited supply of

Iron Ore, with general proximity to markets, these facts should be of interest to all interested in all to locate

manufactories.

Correspondence is solicited from all who want to do business with us.

W. H. KILLEN, J. C. POND, Industrial Com'r. Gen'l Pass. Agt.

Moreen Skirts,
Lustre Wool Skirts.

These Skirts have the elastic rustle effect, so much desired. If you need a Summer Skirt, see them.

**Muslin
Underwear**

We have opened within the past two week over sixty dozen, new muslin underwear. Prices

**25 per cent
Lower than ever before.**

Do not FAIL to see the Great Drive in Shirt Waists at 19c

BORT, BAILEY & COMPANY.

City Buggies.

Are we building too many buggies? A well known retailer of high priced buggies being asked if he did not think The Wisconsin Carriage Top Co. was putting up too many buggies this season, replied, "No," advancing as one reason the fact that every year there are between 800 and 1,000 marriages in this city alone.

It is the ambition of each of these fair brides to have a buggy of her own, and it is fair to assume that 75 per cent of them get what they want, that is, a nice new buggy. The Albenmarle Stanhope, for instance, in which no one has ridden before. Wisconsin Carriage Top Co.

Six New Tailors.

M. T. Middleton, manager and cutter for W. P. Bolles, the tailor, went to Chicago yesterday and returned with five new tailors last evening. He engaged the sixth this morning, making eighteen in all now employed by him. There is no question that he is doing a tremendous business, as eighteen people busy day and night can make a pile of clothes.

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling force 38th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed. I obtained almost instant relief and a speedy cure by the use of One Minute Cough Cure. C. D. Stevens.

A Big Washout.

We had a big washout yesterday. The grand rain drove the people to cover and we gain got the lion's share of the trade. Our method of selling reliable shoes is bringing us a magnificent business. Brown Bros. & Lincoln.

W. T. Sanford, station agent of Leeper, Clarion Co., Pa., writes: I can recommend One Minute Cure as the best I ever used. It gave instant relief and a quick cure. C. D. Stevens.

Free Of Charge.

Brown Bros. & Lincoln run a first class shoe shop in connection with their store. They always sell all the shoes they sell free of charge. You will find it always pays to trade at the people's shoe store.

Fair and Warmer Tomorrow.

Forecast: Generally fair and warmer. The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows:
7 a. m. . . . 58 above
1 p. m. . . . 77 above
Max. . . . 80 above
Min. . . . 55 above
Wind sou h.

We still remain headquarters for stockings. The fair.
